R.U.S.H. David Hobrath,2020-03-06 This workbook is not a typical Bible study Properly applied this will be a major part of the Christian legacy you leave your children for generations to come So often when discussing scripture with friends and students few can recall much detail of past studies they have participated in and almost none can remember where to find that one verse that inspired them sometimes even just a few weeks earlier Taking notes helps but only in the short term for most of the people I have questioned With this tool that will never happen again The material makes for a quick study the whole text can be read out loud in less than thirty five minutes It is the layout that makes the difference What we have here is not a meal but rather sets the table for the rest of your life Think about it You will never have to do the dishes again As you leaf through the material you will find on the left page four or five books of the Bible in order with a summary the author how Christ is revealed and a verse or two from that book On the facing page the same four or five books with no commentary just blanks and lined for notes This allows you to place the most inspiring verses or observations in the journal as your Sunday school or church Bible study travels through scripture Can you imagine rereading all those verses and illustrations stories and inspiring scriptural events that you will collect over the years Think of the impact it will have if one of your grandchildren could read your summary of every book in the Bible written from your own hand one hundred years from today should the Lord tarry That is a legacy That is this book Please visit the website rushbiblestudy.com 2004 Children's
