**Indonesian** John B. Kwee, 1976 This course provides a sound working knowledge of spoken and written Indonesian The graded lessons take the reader through pronunciation and word order parts of speech and grammar to the point where he or she will be able to take part in everyday conversations and read simple texts

**Indonesian** John B. Kwee, 1976      *Forthcoming Books* Rose Arny, 2003      Syntactic Analysis and Description David Lockwood, 2005-12-07 This book is designed to teach undergraduate and beginning graduate students how to understand analyse and describe syntactic phenomena in different languages The book covers every aspect of syntax from the basics to more specialised topics such as clitics which have grammatical importance but cannot be used in isolation and negation in which a construction contradicts the meaning of a sentence The approach taken combines concepts from different theoretical schools which view syntax differently These include M A K Halliday's systemic functional linguistics the stratificational school advocated by Sydney Lamb and Kenneth L Pike's tagmemic model The emphasis of the book is on syntactic structures rather

than linguistic meaning and the book stresses the difference between a well formed sentence and a meaningful one The final chapter brings these two aspects together to show the connections between syntax and semantics Each chapter concludes with exercises from a diverse range of languages and a list of major technical terms The book also includes a glossary as an essential resource for students approaching this difficult subject for the first time *The World's Major Languages* Bernard Comrie, 2018-04-17 The World's Major Languages features over 50 of the world's languages and language families This revised edition includes updated bibliographies for each chapter and up to date census figures The featured languages have been chosen based on the number of speakers their role as official languages and their cultural and historical importance Each language is looked at in depth and the chapters provide information on both grammatical features and on salient features of the language's history and cultural role The World's Major Languages is an accessible and essential reference work for linguists *Indonesian* Christopher Byrnes, Eva Nyimas, 2003 [The World Atlas of Language Structures](#) Martin Haspelmath, 2005-07-21 The World Atlas of Language Structures is a book and CD combination displaying the structural properties of the world's languages 142 world maps and numerous regional maps all in colour display the geographical distribution of features of pronunciation and grammar such as number of vowels tone systems gender plurals tense word order and body part terminology Each world map shows an average of 400 languages and is accompanied by a fully referenced description of the structural feature in question The CD provides an interactive electronic version of the database which allows the reader to zoom in on or customize the maps to display bibliographical sources and to establish correlations between features The book and the CD together provide an indispensable source of information for linguists and others seeking to understand human languages The Atlas will be especially valuable for linguistic typologists grammatical theorists historical and comparative linguists and for those studying a region such as Africa Southeast Asia North America Australia and Europe It will also interest anthropologists and geographers More than fifty authors from many different countries have collaborated to produce a work that sets new standards in comparative linguistics No institution involved in language research can afford to be without it *Indonesia* Stephen Backshall, 2003 This newly designed edition includes a full colour section at the front of the guide featuring the authors selected highlights of the country Throughout there is in depth coverage of all the sights from Bali's stunning white beaches and temples to the enigmatic ruins of Java and the jungles of Sumatra There are first hand recommendations of the best places to surf dive and trek and comprehensive listings of the best value accommodation and eateries for all budgets A detailed contexts section provides the reader with informed background on Indonesia's history religions and music *Complete Indonesian with Two Audio CDs: A Teach Yourself Guide* Christopher Byrnes, Eva Nyimas, 2010-08-12 It's easy to teach yourself Indonesian Complete Indonesian with Two Audio CDs A Teach Yourself Guide provides you with a clear and comprehensive approach to Indonesian so you can progress quickly from the basics to understanding speaking and writing Indonesian with confidence Within each of the 24 thematic chapters important

language structures are introduced through life like dialogues You ll learn grammar in a gradual manner so you won t be overwhelmed by this tricky subject Exercises accompany the texts and reinforce learning in listening speaking reading and writing This program also features current cultural information boxes that reflect recent changes in society The accompanying audio CDs include audio exercises performed by native speakers that reinforce communicative skills
