Bland,Sean Patrick Webb,2016-05-31 While the traditional Christian engagement with environmental ethics too often begins and ends with Genesis this project joins numerous recent efforts by biblical scholars to identify new foundations on which Christians can make ethical choices about creation Wisdom literature a largely untapped resource offers a unique point of entry for environmental ethics Despite their marginalization in ethical debates on the environment the biblical sages have a great deal to say about the inseparability of God s creation and righteous living observations that must then be brought into conversation with a host of contemporary disciplines As the crisis of environmental degradation permeates the lived experience of more and more Christians it is increasingly critical to have solid and biblically defensible foundations from which to make moral choices about the environmental behavior of individuals corporations and nations *Habib Bourguiba, Islam and the Creation of Tunisia* Norma Salem,2024-01-01 First published in 1984 Habib Bourguiba Islam and the Creation of Tunisia is a study of Habib Bourguiba the founder of independent Tunisia that argues that Islam played a vital role in the development of the Tunisian nationalist movement This book is therefore both a biography of the Tunisian leader and a discussion of the role of Islam as the key to legitimacy throughout the Arab world The author argues that Islam was such a fundamental component in defining the specificity of the Tunisian nation that even Bourguiba the most secular of Arab leaders could not shed the Arab Islamic heritage of Tunisia Instead he used Islam as a principle mode of communication to mobilise the Tunisian masses This book will be of interest to students of African studies history political science and religion

method of interpretation to historical issues demonstrating how the Bible was abused to support the deep seated prejudices of well meaning people of the past She then examines this approach in relation to current issues to determine whether scripture is being misused today
