House of Nutter Lance Richardson, 2018-05-01 The strange illuminative true story of Tommy Nutter the Savile Row tailor who changed the silhouette of men's fashion and his rock photographer brother David who captured it all on film From an early age there was something different about Tommy and David Nutter Growing up in an austere apartment above a caf catering to truck drivers both boys seemed destined to lead rather humble lives in post war London Tommy as a civil servant David as a darkroom technician Yet the strength of their imagination plus a little help from their friends transformed them instead into unlikely protagonists of a swinging cultural revolution In 1969 at the age of twenty six Tommy opened an unusual new boutique on the golden mile of bespoke tailoring Savile Row While shocking a haughty establishment resistant to change Nutters of Savile Row became an immediate sensation among the young rich and beautiful beguiling everyone from Bianca Jagger to the Beatles who immortalized Tommy's designs on the album cover of Abbey Road Meanwhile David's innate talent with a camera vaulted him across the Atlantic to New York City where he found himself in a parallel constellation of stars Yoko Ono Elton John who enjoyed his dry wit almost as much as his photography House of Nutter tells the stunning true story of two gay men who influenced some of the most iconic styles and pop images of the twentieth century Drawing on interviews with more than seventy people and taking advantage of unparalleled access to never before seen pictures letters sketches and diaries journalist Lance Richardson presents a dual portrait of brothers improvising their way through five decades of

extraordinary events their personal struggles playing out against vivid backdrops of the Blitz an obscenity trial the birth of disco and the devastation of the AIDS crisis A propulsive deftly plotted narrative filled with surprising details and near operatic twists House of Nutter takes readers on a wild ride into the minds and times of two brilliant dreamers Publishers Weekly, 1975 Envisioning Landscapes, Making Worlds Stephen Daniels, Dydia DeLyser, J. Nicholas Entrikin, Doug Richardson, 2012-03-15 There has been a remarkable resurgence in the past decade of intellectual interplay between geography and the humanities in both academic and public circles Terminology and concepts such as space place landscape mapping and geography are becoming pervasive as conceptual frameworks and core metaphors in recent publications by humanities scholars and well known writers Envisioning Landscapes Making Worlds examines the depth and complexity of human meaning invested in maps attached to landscapes and embedded in the spaces and places of modern life The clashing and blending of cultures caused by globalization and the new technologies that profoundly alter human environmental experience suggest new geographical narratives and representations that are explored here by a multidisciplinary group of authors With contributions from leading scholars this text is essential reading for scholars and students seeking to understand the new synergies and interconnectedness of geography and the humanities Billboard, 1970-11-07 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Directing at Disney* Don Peri, Pete Docter, 2024-09-17 This untold history collection chronicles the progression of the animation director role during the 1920s through the 1970s For students of filmmaking and management this book serves as go to resource for a complex and sometimes technical role that demanded precision For all Disney fans these personal portraits of Walt's closest creative leaders offer a fuller picture behind the stories characters and magical realms in Disney's beloved and respected animated films When the very first animated films appeared there were no directors With no actors sets costumes or sound what appeared onscreen was simply decided and drawn by an animator Since early films were usually made by only one or two artists there was little need for planning Organization was loose When Walt Disney started animating on shorts and advertising projects in Kansas City Missouri he followed that process along with fellow artist and friend Ub Iwerks Walt found that his strength was in story and character He began writing outlines describing what would appear scene by scene Soon the text was accompanied by a sketch previsualizing the layout giving all animators working on a film a clear vision of how their parts fit into the whole Ultimately Walt shepherded stories from their inception through every revision and gag He approved every camera angle He dictated what happened in every shot sometimes every frame obsessing over every detail While not credited as such onscreen Walt was the first Disney director As the Disney studio grew Walt organically evolved the role of director reflecting the amount of trust he had in those he worked with his interest in a specific project and what

other projects he had on his plate Walt expected his directors to follow his instructions and to improve the work at every turn Directing at Disney The Original Directors of Walt s Animated Films offers the little known history behind Walt s foundational directors such as Wilfred Jackson Clyde Geronimi and Dave Hand These talents directed some of the most beloved films in existence Snow White and Seven Dwarfs Pinocchio Peter Pan and One Hundred and One Dalmatians yet virtually no one has heard of them until now
