Arzalluz,Kaat Debo,2016-04-21 Fashion Game Changers traces radical innovations in Western fashion design from the beginning of the 20th century to the present Challenging the traditional silhouettes of their day fashion designers such as Madeleine Vionnet and Crist bal Balenciaga began to liberate the female body from the close fitting hourglass forms which dominated European and American fashion instead enveloping bodies in more autonomous garments which often took inspiration from beyond the West As the century progressed new generations of avant garde designers from Rei Kawakubo to Martin Margiela further developed the ideas instigated by their predecessors to defy established notions of femininity in

dress creating space between body and garment This way a new relationship between body and dress emerged for the 21st century With over 200 images and commentaries from an international range of leading fashion curators and historians this beautifully illustrated book showcases some of the most revolutionary silhouettes and innovative designs of over 100 years of fashion *Icons of Style* Paul Martineau ,2018-07-10 In 1911 the French publisher Lucien Vogel challenged Edward Steichen to create the first artistic rather than merely documentary fashion photographs a moment that is now considered to be a turning point in the history of fashion photography As fashion changed over the next century so did the photography of fashion Steichen s modernist approach was forthright and visually arresting In the 1930s the photographer Martin Munkcsi pioneered a gritty photojournalistic style In the 1960s Richard Avedon encouraged his models to express their personalities by smiling and laughing which had often been discouraged previously Helmut Newton brought an explosion of sexuality into fashion images and turned the tables on traditional gender stereotypes in the 1970s and in the 1980s Bruce Weber and Herb Ritts made male sexuality an important part of fashion photography Today following the integration of digital technology teams like Inez Vinoodh and Mert Marcus are reshaping our notion of what is acceptable not just aesthetically but also technically and conceptually in a fashion photograph This lavishly illustrated survey of one hundred years of fashion photography updates and reevaluates this history in five chronological chapters by experts in photography and fashion history It includes more than three hundred photographs by the genre s most famous practitioners as well as important but lesser known figures alongside a selection of costumes fashion illustrations magazine covers and advertisements **The Great Fashion Designers** Brenda Polan,Roger Tredre,2009-10-01 Over the course of the last 180 years designers have propelled fashion from an elite craft into a cornerstone of popular culture This brilliantly written guide to the lives and collections of 55 iconic fashion designers draws on the latest academic research and the best of fashion journalism including the authors own interviews with designers Beginning with 19th century couturier Charles Frederick Worth and concluding with the star names of the 2010s Polan and Tredre detail each designer s working methods and career highlights with engaging essays that capture the spirit of their times This revised edition has hundreds of inspiring colour photos and features five new designer profiles Hedi Slimane Raf Simons Phoebe Philo Alessandro Michele and Demna Gvasalia It s also been updated throughout to reflect a fashion world in constant ferment with designers swapping jobs and fashion houses at unprecedented speed The industry has expanded into a global phenomenon and designers have emerged as true celebrities The Great Fashion Designers explores their passion and flair showing us fashion at its most inspirational **The Rise of the Stylist** Philip Clarke,2024-07-25 The Rise of the Stylist examines the social factors that contributed to the stylist becoming a key role in fashion image making The 1980s stylist is presented as a cultural intermediary and auteur as commercial compass and avant garde innovator Focusing on London from 1980 to 1990 Philip Clarke draws on oral history interviews with the young creatives who were involved in the specific subcultural scenes educational environments and new modes of publishing

that informed a unique moment in British cultural life By documenting the history of the stylist in fashion and dress as well as their contribution to fields such as food photography and car manufacture this study looks beyond the style press and bridges the gap between production and promotion The Rise of the Stylist defines the specific nature of the stylist's role in relation to that of other creative occupations and locates discussion of styling within the context of postmodern society where political shifts technological developments and changing attitudes in all fields of cultural production are reflected in the manufacture and dissemination of fashion

Production of Culture/Cultures of Production Paul du Gay,1997 The contributors examine the emergence of truly global cultural products and the strategies of global cultural players analyse how culture is circulated and consider why culture has become a crucial concern in business and organisations *Postmodernism and Popular Culture* Angela McRobbie,Angela McRobbie,2003-09-02 Postmodernism and Popular Culture brings together eleven recent essays by Angela McRobbie in a collection which deals with the issues which have dominated cultural studies over the last ten years A key theme is the notion of postmodernity as a space for social change and political potential McRobbie explores everyday life as a site of immense social and psychic complexity to which she argues that cultural studies scholars must return through ethnic and empirical work the sound of living voices and spoken language She also argues for feminists working in the field to continue to question the place and meaning of feminist theory in a postmodern society In addition she examines the new youth cultures as images of social change and signs of profound social transformation Bringing together complex ideas about cultural studies today in a lively and accessible format Angela McRobbie's new collection will be of immense value to all teachers and students of the subject
