Policing Northern Ireland Aogan Mulcahy, 2013-06-17 This book provides an account and analysis of policing in Northern Ireland providing an account and analysis of the RUC Royal Ulster Constabulary from the start of the troubles in the 1960s to the early 1990s through the uneasy peace that followed the 1994 paramilitary ceasefires 1994 1998 and then its transformation into the Police Service of Northern Ireland following the 1999 Patten Report A major concern is with the reform process and the way that the RUC has faced and sought to remedy a situation where it faced a chronic legitimacy deficit Policing Northern Ireland focuses on three key aspects of the police legitimization process reform measures which are implemented to redress a legitimacy crisis representational strategies which are invoked to offer positive images of policing and public responses to these various strategies Several key questions are asked about the ways in which the RUC has sought to improve its standing amongst nationalists first what strategies of reform has the RUC implemented second what forms of representation has the RUC employed to promote and portray itself in the positive terms that might secure public support third how have nationalists responded to these initiatives The theoretical framework and analysis developed in the book also highlights general issues relating to the implications of police legitimacy and illegitimacy for social conflict and divisions and their management and or resolution in relation to transitional societies in particular In doing so it makes a powerful contribution to wider current debates about police legitimacy police community relations community resistance and conflict resolution

Identities in Transition Paige Arthur, 2010-12-13 In many societies histories of exclusion racism and nationalist violence often create divisions so deep that finding a way to deal with the atrocities of the past seems nearly impossible These societies face difficult practical questions about how to devise new state and civil society institutions that will respond to massive or systematic violations of human rights recognize victims and prevent the recurrence of abuse Identities in Transition Challenges for Transitional Justice in Divided Societies brings together a rich group of international researchers and practitioners who for the first time examine transitional justice through an identity lens They tackle ways that transitional justice can act as a means of political learning across communities foster citizenship trust and recognition and break down harmful myths and stereotypes as steps toward meeting the difficult challenges for transitional justice in divided societies

Policing Under Fire Ronald Weitzer, 1995-01-01 This is a study of

the conditions present in an ethnically divided society that affect police community relations **Northern Ireland** John Magee, 2025-08-01 First published in 1974 Northern Ireland is a collection of documents which constitutes an illuminating description and analysis of the complex religious political social and economic factors that underlie the Irish conflict The author goes back to the seventeenth century to find the roots of the troubles All sides of the argument are represented in documents which range from government statements to Provisional and Official IRA manifestos They propose answers to various questions why are there two separate communities in Northern Ireland and why are they so bitterly divided Why has there been no rapprochement between the North and South for over fifty years A balanced factual account of the Civil Rights movement and of the gradual disintegration of the once omnipotent Ulster Unionist party is given The final section deals with the arrangements suggested for Northern Ireland and with the prospects of establishing a kind of all Ireland institution

Handbook of Policing Tim Newburn, 2012-08-21 This new edition of the Handbook of Policing updates and expands the highly successful first edition and now includes a completely new chapter on policing and forensics It provides a comprehensive but highly readable overview of policing in the UK and is an essential reference point combining the expertise of leading academic experts on policing and policing practitioners themselves The Thin Green Line Richard Doherty, 2005-03-19 Formed out of the Royal Irish Constabulary at the time of Partition the RUC s history is predictably a turbulent one right through to its replacement in 2001 by the Police Service of Northern Ireland Few police forces in the world have suffered so grievously as the RUC and this book is a fitting memorial to the sacrifices made in the interests of the civil population it was determined to protect Throughout its history it has not only had to perform normal police duties but contain the ever present IRA threat In 1969 the climate changed and ushered in a new and even more violent era of sectarian strife The emergence of extreme nationalist organizations posed grave problems and with the RUC in a prime role the position of the Chief Constable was hugely important This book tells the story of a remarkable police force without fear or favor Ironically its reward for containing a hugely challenging internal security situation and at the same time policing the community traditionally was its disbandment Critical Engagement Kevin Hearty, 2017 This book is an original case study of how memory has driven and challenged the Irish republican transition from armed conflict to constitutional politics that culminated in the acceptance of policing in the Northern Ireland state **Justice, Community and Civil Society** Joanna Shapland, 2013-05-13 Over the last decade there has arisen considerable disquiet about the relationship between criminal justice and its publics This has been expressed in a variety of different ways ranging from a concern that state criminal justice has moved too far away from the concerns of ordinary people become too distant too out of touch insufficiently reflective of different groups in society to the belief that the police have been attending to the wrong priorities that the state has failed to reduce crime that people still feel a general sense of insecurity Governments have sought to respond to these concerns throughout Europe and North America but the results have challenged people s deeply held beliefs about what

justice is and what the state's role should be The need to innovate in response to local demands has hence resulted in some very different initiatives This book is concerned to delve further into this contested relationship between criminal justice and its publics Written by experts from different countries as a new initiative in comparative criminal justice it reveals how different the intrinsic cultural attitudes in relation to criminal justice are across Europe This is a time when states monopoly on criminal justice is being questioned and they are being asked on what basis their legitimacy rests challenged by both globalization and localization The answers reflect both cultural specificity and for some broader moves towards reaching out to citizens and associations representing citizens **Northern Ireland, a Political Directory, 1966-88** William D. Flackes, Sydney Elliott, 1989

The Long War Brendan O'Brien, 1995 The Long War is a timely book given the ongoing events taking place in Northern Ireland It chronicles the very active history of the relationship among the IRA Sinn Féin and the British government from the early 1980s to today The author has spoken with many of the participants on all sides and has included material that updates the book right up to the latest peace talks **The Woman Who Stole Vermeer** Anthony M. Amore, 2020-11-10 The extraordinary life and crimes of heiress turned revolutionary Rose Dugdale who in 1974 became the only woman to pull off a major art heist In the world of crime there exists an unusual commonality between those who steal art and those who repeatedly kill they are almost exclusively male But as with all things there is always an outlier someone who bucks the trend defying the reliable profiles and leaving investigators and researchers scratching their heads In the history of major art heists that outlier is Rose Dugdale Dugdale's life is singularly notorious Born into extreme wealth she abandoned her life as an Oxford trained PhD and heiress to join the cause of Irish Republicanism While on the surface she appears to be the British version of Patricia Hearst she is anything but Dugdale ran head first towards the action spearheading the first aerial terrorist attack in British history and pulling off the biggest art theft of her time In 1974 she led a gang into the opulent Russborough House in Ireland and made off with millions in prized paintings including works by Goya Gainsborough and Rubens as well as Lady Writing a Letter with her Maid by the mysterious master Johannes Vermeer Dugdale thus became to this day the only woman to pull off a major art heist And as Anthony Amore explores in The Woman Who Stole Vermeer it's likely that this was not her only such heist The Woman Who Stole Vermeer is Rose Dugdale's story from her idyllic upbringing in Devonshire and her presentation to Elizabeth II as a debutante to her university years and her eventual radical lifestyle Her life of crime and activism is at turns unbelievable and awe inspiring and sure to engross readers

The Fateful Split Chris Ryder, 2004 This major historical study of the Royal Ulster Constabulary RUC by one of Northern Ireland's foremost commentators traces the fundamental flaws that haunted its entire service The Fateful Split is the graphic and often disturbing story of a uniquely controversial institution from its formation as a barrier between sectarian factions to its contentious and tragic role in the Troubles of the last thirty years At the same time it provides an astonishing background history to more than a century of Irish domestic discord including Gladstone's failed Home Rule Acts

of the late nineteenth century the partition of Ireland the horror of the Troubles and the establishment of the brittle Good Friday Agreement in which amid accusations of sectarian bias the RUC was generally recognized as an impediment to reconciliation and began its transformation into the Police Service of Northern Ireland
