Cressler, 2017-11-14 Chicago has been known as the Black Metropolis But before the Great Migration Chicago could have been called the Catholic Metropolis with its skyline defined by parish spires as well as by industrial smoke stacks and skyscrapers This book uncovers the intersection of the two Authentically Black and Truly Catholic traces the developments within the church in Chicago to show how Black Catholic activists in the 1960s and 1970s made Black Catholicism as we know it today The sweep of the Great Migration brought many Black migrants face to face with white missionaries for the first time and transformed the religious landscape of the urban North The hopes migrants had for their new home met with the desires of missionaries to convert entire neighborhoods Missionaries and migrants forged fraught relationships with one another and tens of thousands of Black men and women became Catholic in the middle decades of the twentieth century as a result These Black Catholic converts saved failing parishes by embracing relationships and ritual life that distinguished them from the evangelical

churches proliferating around them They praised the quiet dignity of the Latin Mass while distancing themselves from the gospel choir altar calls and shouts of amen increasingly common in Black evangelical churches Their unique rituals and relationships came under intense scrutiny in the late 1960s when a growing group of Black Catholic activists sparked a revolution in U S Catholicism *Jet* ,1991-04-29 The weekly source of African American political and entertainment news
