The Christian Doctrine of God, One Being Three Persons Thomas F. Torrance,2016-01-28 Written by one of the twentieth century s

foremost modern Trinitarian theologians The Christian Doctrine of God remains a classic ground work for scholars and students alike In the book Thomas F Torrance offers a detailed study of the most profound article of the Christian faith the Holy Trinity Torrance adopts a holistic approach when examining the inter relatedness of the three persons Father son and Holy Spirit and their dynamic Communion with the Being and Nature of God Combining immense academic range with his characteristically fresh theological perspectives Torrance builds a significant theological bridge between ancient and modern as well as between the Roman and Protestant theology he engages deeply with the Church Fathers and discusses the ontological nature of God Here Torrance conveys a simple message the doctrine of the Trinity is the doctrine of God This Cornerstones edition includes a new introduction written by Professor Paul D Molnar in which Molnar sets Torrance s classic work in its modern context and considers how it continues to influence the way we think about the Trinity today **Faith in Christ Today Invitation to Systematic Theology** Klaus Nurnberger,2016-06-29 In Volume I the author analyses the Word of God and the response of the Christian community in a lucid and accesible way In this second volume he interprets the classical assertions of the Christian faith in terms of Gods creative and redemptive project in the world of today His experiential approach is meant to restore the credibility vibrancy and relevance of faith in Christ for our times **Freedom and Flourishing** Robert Leigh,2017-11-09 Freedom is vital both to Karl Barth s theology and to modern religion politics and culture Leigh describes how Barth s lifelong fascination by freedom culminated in a fresh daring engagement with it in his last completed book volume IV 3 of the massive Church Dogmatics which is probably the most important work of Christian theology in the twentieth century That volume builds on Barth s earlier work but also goes beyond it in ways that have not yet been appreciated Leigh shows how this mature theology of Barth not only responds profoundly to key questions about freedom both in philosophy and theology but also opens up a rich habitable understanding of Jesus Christ and of life in relationship with him that is prophetic for the twenty first century This involves a dynamic integration of knowing with being being with action truth with witness individual with community and divine initiative with human flourishing At the heart of this life with God is participation in the asymmetrical yet utterly reciprocal interaction between human beings and the God who loves them in freedom Leigh succeeds both in describing this participation convincingly and in demonstrating its provocative attractiveness *Christian Doctrine of God, One Being Three Persons* Thomas F. Torrance,2001-12-20 In a new paperback edition of a classic work T F Torrance aims to clarify understanding of that most profound article of the Christian faith the doctrine of the Holy Trinity Adopting a holistic approach he explains the inter relatedness of the three Persons Father Son and Holy Spirit and their dynamic Communion with the Being and Nature of God Combining immense academic range with new theological perspectives Professor Torrance builds a significant theological bridge between ancient and modern and Roman and Protestant theology Care-giving in Dementia Gemma M. important historical information and theological insights The book opens with an introduction to Acts that gives special attention to the question of the authorship and date of the book as well as to the theological themes that shape the narrative Storm offers large sections of in depth commentary instead of verse by verse analysis and concludes each chapter with important vocabulary and insightful questions that can be used as a springboard for class discussion small writing assignments or personal reflection in both academic circles and church settings Living Lord Empowering Spirit Testifying People guides students to understand Acts as a theologically shaped narrative that conveys important themes for disciples of Jesus

The Holy Spirit as Space for the Living George C. Evans Jr.,2023-09-08 In The Holy Spirit as Space for the Living George Evans recognizes the significance of the Spirit in pneumatology within the New Testament emphasizing the Spirit s indwelling presence as a person However Evans notes that the functional aspect of the Spirit as the presence of God is often overlooked The Spirit not only gives life ruah but also creates space for individuals to live and thrive This spatial understanding suggests that the Spirit constructs a unique space for born again believers to inhabit leading to self awareness and a transformed lifeworld Evans adopts a spatial hermeneutic drawing inspiration from Jesus s encounter with Nicodemus to explore different spatial productions and their connection to the experience of being reborn within the space of the Spirit Through this approach he develops a concept of Christian spatiality that expands our theological understanding and highlights space as a construct shaped by the Spirit By considering the role of the Spirit in creating and shaping our lived experience Evans unveils a deeper understanding of the transformative power of the Spirit and its impact on our spiritual journey

Pilgrimage of Love Joy Ann McDougall,2005-10-13 This book engages one of the liveliest theological debates at the turn of the twenty first century the significance of the doctrine of the Trinity to the Christian concept of God and to its life of faith
