On Deconstruction Jonathan Culler, 2014-10-01 With an emphasis on readers and reading Jonathan Culler considered deconstruction in terms of the questions raised by psychoanalytic feminist and reader response criticism *On Deconstruction* is both an authoritative synthesis of Derrida's thought and an analysis of the often problematic relation between his philosophical writings and the work of literary critics Culler's book is an indispensable guide for anyone interested in understanding modern critical thought This edition marks the twenty fifth anniversary of the first publication of this landmark work and includes a new preface by the author that surveys deconstruction's history since the 1980s and assesses its place within cultural theory today

Racial Blasphemies Michael L. Cobb, 2013-01-11 *Racial Blasphemies* using critical race theory and literary analysis charts the tense frustrated religious language that saturates much twentieth century American literature Michael Cobb argues that we should consider religious language as a special kind of language a language of curse words that furiously communicates not theology or spirituality as much as it signals the sheer difficulty of representing race in a non racist manner on the literary page

A Life with Mary Shelley Barbara Johnson, 2014-07-16 In 1980 deconstructive and psychoanalytic literary theorist Barbara Johnson wrote an essay on Mary Shelley for a colloquium on the writings of Jacques Derrida The essay marked the beginning of Johnson's lifelong interest in Shelley as well as her first foray into the field of women's studies one of whose commitments was the rediscovery and analysis of works by women writers previously excluded from the academic canon Indeed the last book Johnson completed before her death was *Mary Shelley and Her Circle* published here for the first time Shelley was thus the subject for Johnson's beginning in feminist criticism and also for her end It is surprising to recall that when Johnson wrote her essay only two of Shelley's novels were in print critics and scholars having mostly dismissed her writing as inferior and her career as a side effect of her famous husband's Inspired by groundbreaking feminist scholarship of the seventies Johnson came to pen yet more essays on Shelley over the course of a brilliant but tragically foreshortened career So much of what we know and think about Mary Shelley today is due to her and a handful of scholars working just decades ago In this volume Judith Butler and Shoshana Felman have united all of Johnson's published and unpublished work on Shelley alongside their own new insightful

pieces of criticism and those of two other peers and fellow pioneers in feminist theory Mary Wilson Carpenter and Cathy Caruth The book thus evolves as a conversation amongst key scholars of shared intellectual inclinations while closing the circle on Johnson's life and her own fascination with the life and circle of another woman writer who of course also happened to be the daughter of a founder of modern feminism
