Nathalie Sarraute and the Feminist Reader Sarah Barbour, 1993 Situated at an intersection of feminist critical practice in the United States and feminist cultural theory in France Nathalie Sarraute and the Feminist Reader is an investigation of the way in which this French New Novelist's first eight works in their increasing dramatization of the issue of reading problematize certain feminist literary analyses especially in relation to l'écriture féminine After an exploration of the difficulty Sarraute's writing poses for the critical enterprise through a lengthy reading of Sarrautien criticism in the U S and France Sarah Barbour shows how Sarraute's works eventually prohibit any fixed reading and open up instead a space in which we as readers are moved toward a more personal understanding of our use of narrative and of socio sexual constructs in the continual day to day constitution and reconstitution of subjectivity Nathalie Sarraute conceives of the evolution of the novel as a movement through history and thus situates her work within a tradition of psychological realism at the same time that she proposes radical innovations of the tradition Her novels do not discard or revise past works but rather internalize them in an effort to expand the notion of what is possible for psychological realism This study takes as its model Sarraute's example of simultaneity which invites an understanding of time both as a diachronic movement through phases from the psychological realism of Dostoyevski to that of Kafka to her own and as a synchronic encounter that elicits simultaneous relationships to different phases Within the movement of feminist literary criticism scholars have often discerned what are also referred to as phases that is criticism in the United States has moved from its initial concern with images of women in fiction by male writers to a desire to establish a feminine tradition of women's writing Nathalie Sarraute

and the Feminist Reader is not an attempt to claim that Sarraute's work represents écriture féminine. Reading Sarraute's novels in their evolution Sarah Barbour has found that they forced her own reading and understanding of this term to evolve. She therefore proposes that the novels open up a space that is beyond the frozen shells of gender which continue to bind women and men personally and critically. The power of Sarraute's work lies in the solitary experience of our encounter with her presentation and perception of reality. In this encounter we are forced to experience the fluid nature of subjectivity that is to internalize and explore differences within personal and sexual identity that by extension affect the identity of larger political movements.

Unveiling Eve Tova Rosen, 2013-04-23 Selected by Choice magazine as an Outstanding Academic Title Unveiling Eve is the first feminist inquiry into the Hebrew poetry and prose forms cultivated in Muslim and Christian Spain Italy and Provence in the eleventh through fourteenth centuries In the Jewish Middle Ages writing was an exclusively male competence and textual institutions such as the study of scripture mysticism philosophy and liturgy were men's sanctuaries from which women were banished These domains of male expertise alongside belles lettres on which Rosen's book focuses served as virtual laboratories for experimenting with concepts of femininity and masculinity hetero and homosexuality feminization and virilization transvestism and transsexuality Reviewing texts as varied as love lyric love stories marriage debates rhetorical contests and liturgical and moralistic pieces Tova Rosen considers the positions and positioning of female figures and female voices within Jewish male discourse The idolization and demonization of women present in these texts is read here against the background of scripture and rabbinic literature as well as the traditions of chivalry and misogyny in the hosting Islamic and Christian cultures Unveiling Eve unravels the literary evidence of a patriarchal tradition in which women are routinely rendered nonentities often positioned as abstractions without bodies or reified as bodies without subjectivities Without rigidly following any one school of feminist thinking Rosen creatively employs a variety of methodologies to describe and assess the texts presentation of male sexual politics and delineate how women and concepts of gender were manipulated fictionalized fantasized and poeticized Inaugurating a new era of critical thinking in Hebrew literature Unveiling Eve penetrates a field of medieval literary scholarship that has until now proven impervious to feminist criticism
