The Fictions Of Satire:

The Fictions of Satire Ronald Paulson, 2019-12-01 Originally published in 1967 In this study of the English Augustan satirists and the Roman and subsequent authors who were their models Professor Paulson shows how rhetoric relates to imitation persuasion to presentation and the imitation of the satirist to the imitation of the satiric object He illustrates the tendency of the satirist to invade his own fiction and imitate not the prime object of his satire but the satiric persona which consequently takes on a life of its own By analyzing the satiric fictions of the precursors of the Augustans the author reveals the elements they bequeathed to those who rode the high crest of the satiric wave in England before the art of satire became submerged in the deepening trough of sentimental romanticism Paulson shows the Tories Dryden Pope and Swift and the Whigs Addison and Steele to be the heirs of a long line of satirists ancient and modern from Horace Juvenal Lucian Apuleius and Petronius to Rabelais Cervantes and the English Elizabethan and Civil War poets Taking Swift as his main example Paulson examines the dualism of satire in its most interesting and ambiguous modes and as the embodiment of rhetorical devices that are as complex mimetically as they are rhetorically A New Handbook of Literary Terms David

Ideology in the Fiction of Ihara Saikaku David J. Gundry, 2017-07-31 The first monograph published in English on Ihara Saikaku s fiction David J. Gundry s lucid compelling study examines the tension reflected in key works by Edo period Japan s leading writer of floating world literature between the official societal hierarchy dictated by the Tokugawa shogunate s hereditary status group system and the era s de facto fluid wealth based social hierarchy The book s nuanced theoretically

engaged explorations of Saikaku's narratives uses of irony and parody demonstrate how these often function to undermine their own narrators intermittent moralizing Gundry also analyzes these texts depiction of the fleeting pleasures of love sex wealth and consumerism as Buddhistic object lessons in the illusory nature of phenomenal reality the mastery of which leads to a sort of enlightenment [Making Gender, Culture, and the Self in the Fiction of Samuel Richardson](#) Bonnie

Latimer,2016-05-13 Proposing that Samuel Richardson's novels were crucial for the construction of female individuality in the mid eighteenth century Bonnie Latimer shows that Richardson's heroines are uniquely conceived as individuals who embody the agency and self determination implied by that term In addition to placing Richardson within the context of his own culture recouping for contemporary readers the influence of Grandison on later writers including Maria Edgeworth Sarah Scott and Mary Wollstonecraft is central to her study Latimer argues that Grandison has been unfairly marginalised in favor of Clarissa and Pamela and suggests that a rigorous rereading of the novel not only provides a basis for reassessing significant aspects of Richardson's fictional oeuvre but also has implications for fresh thinking about the eighteenth century novel Latimer's study is not a specialist study of Grandison but rather a reconsideration of Richardson's novelistic canon that places Grandison at its centre as Richardson's final word on his re envisioning of the gendered self **Naturalist Fiction**

David Baguley,1990 This is the first major study of naturalist fiction as a distinct literary genre It focuses mainly on French naturalist literature analysing a number of key works in detail but also draws examples from other national traditions particularly from the English novel Professor Baguley questions and revises many traditional assumptions on important theoretical issues such as the nature of literary history the concepts of realism and naturalism and the relations between science and literature He demonstrates the prevalence of certain recurrent generic patterns themes and techniques in the general body of naturalist literature ranging from disquieting tragic developments to the most outrageous ironic and parodic effects He argues persuasively that far from being a mere record of the external aspects of reality naturalist fiction is a literature of scandalous provocation which employs the strategies of realist art to convey a profoundly disturbing vision of that reality [The Princeton Encyclopedia of Poetry and Poetics](#) Stephen Cushman,Clare Cavanagh,Jahan Ramazani,Paul Rouzer,2012-08-26 The most important poetry reference for more than four decades now fully updated for the twenty first century Through three editions over more than four decades The Princeton Encyclopedia of Poetry and Poetics has built an unrivaled reputation as the most comprehensive and authoritative reference for students scholars and poets on all aspects of its subject history movements genres prosody rhetorical devices critical terms and more Now this landmark work has been thoroughly revised and updated for the twenty first century Compiled by an entirely new team of editors the fourth edition the first new edition in almost twenty years reflects recent changes in literary and cultural studies providing up to date coverage and giving greater attention to the international aspects of poetry all while preserving the best of the previous volumes At well over a million words and more than 1 000 entries the Encyclopedia has unparalleled breadth and depth

examples from British Persian ancient Roman literary traditions and different epochs illustrate the theoretical discussions. The prevalence of satire and the challenges that identity has encountered in our contemporary world guarantee the significance of this study and its socio political implications.

The Oxford Handbook of Eighteenth-century Satire Paddy Bullard, 2019. Dark Humour and Social Satire in the Modern British Novel L. Colletta, 2003-09-30. Colletta uses psychoanalytic theories of joke work and gallows humour to argue that dark humour is an important defining characteristic of Modernism. She brings together the usual suspects alongside more often overlooked writers from the period and asks probing questions about the relationship between a dark humour that revels in the non rational the unstable and the fragmented and resists easy definition and political usefulness and the historical and social circumstances of the period. Colletta makes a compelling argument that probing deeply into the nature of humour or satire that define these social comedies brings to light a more complex and more accurate understanding of the social changes and historical circumstances that define the modern era.

The Cruft of Fiction David Letzler, 2017-06. A 2017 Choice Outstanding Academic Title. What is the strange appeal of big books? The mega novel, a genre of erudite tomes with encyclopedic scope, has attracted wildly varied responses from fanatical devotion to trenchant criticism. Looking at intimidating mega novel masterpieces from *The Making of Americans* to *2666*, David Letzler explores reader responses to all the seemingly random irrelevant pointless and derailing elements that comprise these mega novels, elements that he labels 'cruft' after the computer science term for junk code. In *The Cruft of Fiction*, Letzler suggests that these books are useful tools to help us understand the relationship between reading and attention. While mega novel text is often intricately meaningful or experimental, sometimes it is just excessive and pointless. On the other hand, mega novels also contain text that though appearing to be 'cruft' turns out to be quite important. Letzler posits that this 'cruft' requires readers to develop a sophisticated method of attentional modulation, allowing one to subtly distinguish between text requiring focused attention and text that must be skimmed or even skipped to avoid processing failures. *The Cruft of Fiction* shows how the attentional maturation prompted by reading mega novels can help manage the information overload that increasingly characterizes contemporary life.
