Perspectives On Intense Involvement in Sports Irwin Hirsch, Phillip Blumberg, Robert Watson, 2020-10-26 This book is a unique volume that brings a variety of psychoanalytic perspectives to the study of sport It highlights the importance of sports for different individuals and how the function and use of sports can be brought into the consulting room Passionate interest in actively engaging in sports is a universal phenomenon It is striking that this aspect of human life prior to this volume has

received little attention in the literature of psychoanalysis This edited volume is comprised largely of psychoanalysts who are themselves avidly involved with sports It is suggested that intense involvement in sports prioritizes commitment and active engagement over passivity and that such involvement provides an emotionally tinged distraction from the various misfortunes of life Indeed the ups and downs in mood related to athletic victory or defeat often supplant temporarily matters in life that may be more personally urgent Engaging in sports or rooting for teams provides a feeling of community and a sense of identification with like minded others even among those who are part of other communities and have sufficient communal identifications This book offers a better psychoanalytic understanding of sports to help us discover more about ourselves our patients and our culture and will be of great interest to psychotherapists and psychoanalysts or anyone with an interest in sport and its link to psychoanalysis and mental health *History of My Heart* Robert Pinsky, 2014-08-19 *History of My Heart* winner of the William Carlos Williams Prize first appeared in 1984 In *The New Republic* J D McClatchy called it one of the best books of the past decade It is Pinsky s third volume of poems and an ideal introduction to the work of a vital and original contemporary American poet *A Study Guide for Robert Pinsky's "Song of Reasons"* Gale, Cengage Learning, 2016 A Study Guide for Robert Pinsky s *Song of Reasons* excerpted from Gale s acclaimed *Poetry for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Poetry for Students* for all of your research needs **Literature after 9/11** Ann Keniston, Jeanne Follansbee Quinn, 2013-04-15 Drawing on trauma theory genre theory political theory and theories of postmodernity space and temporality *Literature After 9 11* suggests ways that these often distinct discourses can be recombined and set into dialogue with one another as it explores 9 11 s effects on literature and literature s attempts to convey 9 11 **Encyclopedia of American Literature** Manly, Inc., 2013-06 Susan Clair Imbarrato Carol Berkin Brett Barney Lisa Paddock Matthew J Brucoli George Parker Anderson Judith S **This Is My Best** Retha Powers, Kathy Kiernan, 2005-05-05 Some of the world s most acclaimed writers including novelists essayists poets playwrights and cartoonists share what they consider their finest works accompanied by incisive commentary by each author on the work and the creative process *Creativity and the Poetic Mind* Jean Tobin, 2004 *Creativity and the Poetic Mind* mingles the voices of well known writers such as Nikki Giovanni Donald Hall John Koethe Marge Piercy and Robert Pinsky with newer voices and includes engaging excerpts from interviews with thirty eight American poets Within a sustained argument about creative states of mind this book innovatively presents and explores the technique of going to the place as more reliable in writing poetry than waiting for inspiration It explains why poets frequently believe that talking about their own poetry may damage their creativity and why for centuries inspiration has seemed to come from somewhere beyond the poet In addition it discusses the practicality of poets thinking that being creative and writing poetry are two separate skills inspiration is unreliable but experienced poets create daily *American Poets and Poetry* Jeffrey Gray, Mary McAleer Balkun, James

McCorkle,2015-03-10 The ethnically diverse scope broad chronological coverage and mix of biographical critical historical political and cultural entries make this the most useful and exciting poetry reference of its kind for students today American poetry springs up out of all walks of life its poems are maternal as well as paternal stuff d with the stuff that is coarse and stuff d with the stuff that is fine as Walt Whitman wrote adding Of every hue and caste am I of every rank and religion Written for high school and undergraduate students this two volume encyclopedia covers U S poetry from the Colonial era to the present offering full treatments of hundreds of key poets of the American canon What sets this reference apart is that it also discusses events movements schools and poetic approaches placing poets in their social historical political cultural and critical contexts and showing how their works mirror the eras in which they were written Readers will learn about surrealism ekphrastic poetry pastoral elegy the Black Mountain poets and language poetry There are long and rich entries on modernism and postmodernism as well as entries related to the formal and technical dimensions of American poetry Particular attention is paid to women poets and poets from various ethnic groups Poets such as Amiri Baraka Nathaniel Mackey Natasha Trethewey and Tracy Smith are featured The encyclopedia also contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant garde and experimental movements and provides sidebars that illuminate key points

The Games We Played Steven A. Cohen,2001 If childhood is magic kids have created its principal enchantment by dreaming up their own games writing their own rules inventing endless variations on anything fun Bottle Cap Soldiers Kid Crusher Ring a leavio Chinaberry War no one remembers the scores anymore and the rules changed as often as the players but the strongest and best memories of childhood grow from the games we played
