Ingrid Bergman was not only an incomparable beauty but one of the finest actresses of cinema's Golden Age. She made her start in modest productions in Sweden before Hollywood beckoned and soon became one of film's brightest stars. She appeared in many acclaimed films including *Casablanca*, *For Whom the Bell Tolls*, and *Gaslight*. While her personal life was briefly tainted by an affair and a consequent falling out with the American public, Bergman was eventually able to return to Hollywood and eventually earned two of her three Academy Awards.

In *The Essential Films of Ingrid Bergman*, Constantine Santas and James Wilson look at the most notable performances of the award-winning actress's career. From her early work in Swedish films to her final role in the mini-series *A Woman Called Golda*, this book analyzes the entirety of Bergman's on-screen career, paying special attention to those aspects of her acting that made her stand out: most notably, her undeniable range of emotion, her stunning vulnerability, and her indisputable beauty.

Among the films discussed in this volume are *Casablanca*, *Gaslight*, *Spellbound*, *The Bells of St. Mary's*, *Notorious*, *Indiscreet*, and *Murder on the Orient Express*. This volume looks at each of Bergman's most significant films, covering nearly five decades of film-making, from Swedish productions to her final films. Each entry provides production history, plot summaries, film highlights, and major award details. Includes Bergman's own quotes about her upbringing, films, and relationships. Includes a Bibliography for further reading. Be yourself. The world worships the original Ingrid Bergman. Since the early 20th century, film has been embraced as arguably the preeminent international art form. Not only is Hollywood cinema immensely popular around the world, but other nationalities, Bollywood being the greatest current example, have their own thriving industries. Major actors and actresses are not only icons in their parent countries but reach tremendous international fame. However, most actors who become internationally famous do so via the success of the films they make in their native land without actually leaving their country. One of the most famous early examples is Charlie Chaplin, who reached incredible fame in Asia and Western Europe during the silent cinema era despite having never left the confines of Hollywood. Chaplin's example illustrates how the vast majority of film stars who reach international fame do so through the global success of the films they make within a given industry. This dynamic highlights the uniqueness of Ingrid Bergman's career and her significance as an international film star. Not only were films like *Casablanca* (1942) famous around the world, but she made films in five different languages and film industries. In this regard, she was the rare star who was willing to literally act in films produced in different countries. Bergman's fame cannot be doubted, but the international quality of her career has prevented most people from gaining a complete understanding of her filmography. Moreover, the immense success of her most famous films obscured her other achievements.

one of Bergman's persistent lamentations late in her career was that even though she appeared in other films she deemed more significant the only film of hers that people wanted to discuss was *Casablanca*. As a result her early films in Sweden the Italian Neorealist films she made with famous director and future husband Roberto Rossellini and her French film with Jean Renoir have all been relegated to the margins. Bergman is thus recognized as a Hollywood star rather than an actress who should be identified with an array of different film industries reducing the enormous scope of her career to a relatively small proportion of her filmography. At the same time Bergman's personal life reflects the dynamics of the film industry and the relationship between celebrities and American culture more generally. At times during her career Bergman was the darling of Hollywood but at other times she was literally a pariah. It is all too common to remember Bergman for her performance in *Casablanca* forgetting the fact that she was effectively exiled from Hollywood for several years during her romance with Roberto Rossellini. Her life and career amply demonstrated the expectations American culture held for their film stars during the mid 20th century.

Along with pictures of important people, places and events you will learn about Ingrid Bergman like you never have before in no time at all. **Ingrid Bergman** David Thomson, 2010-03-22. Ingrid Bergman was far more than just a sweet, virtuous, natural Swedish girl; she was a dark sensualist over whom many men might go mad. Her very gaze delivered a climate of adult romantic expectation. Adored by millions for her luminous beauty and elegance at the height of her career, Bergman commanded a love that has hardly ever been matched until her marriage fell apart and created an international scandal. Here the renowned film writer David Thomson gives his own unique take on a woman who was constantly driven by her passions and by her need to act even if it meant sacrificing everything.

studies the woman behind the public image as a natural wholesome even saintly person an image carefully crafted by Bergman's first producer David O. Selznick. Bergman hid behind that image to live her life on her own terms. That life included three difficult marriages, numerous lovers, and a major scandal that stained her reputation but which she survived by creating her own legend. Bergman was filled with contradictions: she was dependent upon men and chafed under their control; she loved her children but constantly left them to perform; she longed for romance but walked away from her affairs without looking back; she desired to make great films but settled for being an entertainer; she hated the scrutiny of the media but learned to charm reporters. The author also assesses Bergman's artistry, her star qualities, and her acting skills. She did her best work in Alfred Hitchcock's *Notorious*, Roberto Rossellini's *Voyage in Italy*, and Ingmar Bergman's *Autumn Sonata*. Her life and image were the inspiration for these films in the first place.
