The Final Observations Of A Technoshaman:

The Final Observations of a Technoshaman George Tirado, 1994* Handbook of New Religions and Cultural Production, 2012-03-28 The cultural products of new religions and spiritualities are frequently ignored or dismissed within academia often stemming from a hesitation to acknowledge these movements as genuine This volume explores the impact of new religions upon cultural production exemplifying the theological and spiritual principles of particular movements and demonstrating their substantial impact on wider society Contributions explore the realms of music architecture food art books films video games and more This scholarship will be of interest to those who wish to explore the gamut of modern religious expression and those who wish to broaden their knowledge of the spiritual origins of human culture **Call Me the Seeker** Michael J. Gilmour, 2005-06-24 One of very few books on religion and popular music Covers a wide range of musical styles from heavy metal and rap to country jazz and Broadway musicals The essays are written by academics and informed by their enthusiasm for the music Many books have explored the relationship between religion and film but few have yet examined the significance of religion to popular music Call Me The Seeker steps into that gap Michael Gilmour's introductory essay gives a state of the discipline overview of research in the area He argues that popular songs frequently draw from and interpret themes found in the conceptual and linguistic worlds of the major religions and reveal underlying attitudes in those who compose and consume them He says these texts deserve more serious study The essays in the book start an on going conversation in this area bringing a variety of methodologies to bear on selected artists and topics Musical styles covered range from heavy metal and rap to country jazz and Broadway musicals **Last Chants** Lia Matera, 2021-06-01 Helping a family friend who's been framed for murder has a San Francisco lawyer living like a fugitive in this mystery by the author of *Prior Convictions* Attorney Willa Jansson's found a new position in the growing field of multimedia law it's the 90s after all Given her track record she's hoping this job will be smooth sailing Unfortunately during her morning commute through the Financial District she sees a friend of her mother's mythologist and pacifist Arthur Kenna about to be arrested for holding a stranger at gunpoint Willa does the first thing she can think of to save him she pretends to be Arthur's hostage Arthur explains that it was the alleged victim who'd placed the gun in his hand but Willa knows the police won't buy that especially after Arthur's assistant is found dead Forced to hide out in a Boulder Creek mountain cabin belonging to an old flame of Willa's the fugitive duo soon realizes their only way out of the woods is to locate the real killer Doing so means digging into Arthur's assistant's past and divining the truth in a community of high tech gurus strange survivalists a cybernetic shaman and a nudist who thinks he's the demigod Pan Effectively blending the seemingly incongruous elements of high tech computing and ancient mythology Matera has produced a first rate mystery exhibiting her usual hallmarks of excellent plotting solid characterizations and brisk pacing Booklist Few writers possess Lia Matera's wry humor especially when it comes to putting down lawyers or her eye for Northern California fauna San Jose Mercury News
