Success for flourishing companies comes not from making the best content but from recognizing how content enables customers connectivity it comes not from protecting the value of content at all costs but from unearthing related opportunities close by and it comes not from mimicking competitors best practices but from seeing choices as part of a connected whole Digital change means that everyone today can reach and interact with others directly We are all in the content business But that comes with risks that Bharat Anand teaches us how to recognize and navigate Filled with conversations with key players and in depth dispatches from the front lines of digital change The Content Trap is an essential new playbook for navigating the turbulent waters in which we find ourselves Praise for The Content Trap A masterful and thought provoking book that has reshaped my understanding of content in the digital landscape Ariel Emanuel co CEO WME IMG The Content Trap is a book filled with stories of businesses from music companies to magazine publishers that missed connections and could never escape the narrow views that had brought them past success But it is also filled with stories of those who made strategic choices to strengthen the links between content and returns in their new master plans The book is a call to clear thinking and reassessing why things are the way they are The Wall Street Journal *The Guide to Yellowstone Waterfalls and Their Discovery* Paul Rubinstein, Lee H. Whittlesey, Mike Stevens, 2000 Join three Yellowstone National Park experts in their remarkable discovery of the park's 200 plus new waterfalls most of which the American public and even Yellowstone park rangers have never before witnessed These trailblazers are the first to document the existence of these spectacular natural features at least 25 of which tower to heights of 100 feet or more and the authors do so through striking photographs engaging text and detailed maps The book also features the park's 50 known waterfalls and reveals the untold stories surrounding many of them For nature lovers adventure seekers and Yellowstone aficionados alike Yellowstone The Discovery of its Waterfalls is a landmark work combining natural and human histories with unbelievably rare geographical discoveries **Summer of Fire** Linda Jacobs, 2005-06-01 It is 1988 and Yellowstone Park is on fire Among the thousands of summer warriors battling to save America's crown jewel is single mother Clare Chance Having just watched her best friend a fellow Texas firefighter die in a roof collapse she has fled to Montana to try and put the memory behind her She's not the only one fighting personal demons as well as the fiery dragon threatening to consume the park There's Chris Deering a Vietnam veteran helicopter pilot seeking his next adrenaline high and a good time that doesn't include his wife and Ranger Steve Haywood a man scarred by the loss of his wife and baby in a plane crash They rally around Clare when tragedy strikes yet again and she loses a young soldier to a firestorm Three flawed wounded people one horrific blaze Its tentacles are encircling the park coming ever closer threatening to cut them off The landmark Old Faithful Inn and Park Headquarters at Mammoth are under siege and now there's a helicopter down missing somewhere in the path of the conflagration And Clare's daughter is on it *Forest Fires* Philip Nori Omi, 2005-05-23 From killer fires to ecosystem rehabilitation an exhaustive survey exploring the ecological social and economic consequences of managing fires in U.S. wildland areas Fire management
