Samuel Rawson Gardiner

The First Battle Of Newbury 1643:

First Battle of Newbury John Barratt,2005-03-01 Late summer 1643 saw the Royalists in the English Civil War at the height of their military success After three months of almost unbroken victories the king s forces had gained control of much of the north and west of England whilst Prince Rupert s seemingly invincible cavalry raided out from Oxford to the outskirts of London Parliament s stronghold In July the wave of Royalist successes climaxed with the storming of Bristol It seemed that one more success might be sufficient to topple the Parliamentary leadership and lead to peace In a move to consolidate their position prior to a final advance on London in August the Royalists laid siege to Gloucester However an anticipated easy success met with stern resistance until the garrison was eventually relieved by Parliament s principal remaining field army under the Earl of Essex But Essex now deep in hostile territory faced the difficult task of getting back safely to London A race with the king s forces ensued culminating in Essex s road being barred at Newbury Cut off from his base Essex had to stand and fight in a battle whose loss would mean the destruction of his army and in all probability total defeat for the Parliamentary cause On September 20 1643 some 30 000 men met outside Newbury in one of the largest battles of the English Civil War John Barratt s history the first detailed study of the battle of Newbury for over a century reveals a new interpretation of the battle and discovers the real reason why the Royalists lost *The First Battle of Newbury 1643* Robert Morris,1993 **Gloucester & Newbury, 1643** Jon Day,2007-09-20 The campaign that led to the first Battle of Newbury in 1643 represents a vital phase in the English Civil War yet rarely has it received the attention it deserves In this compelling and meticulously researched new study Jon Day shows how the campaign was critical to the outcome of the war and the defeat of Charles I The late summer 1643 was the military high tide for the king and his armies yet within two months the opportunity had been squandered The Royalists failed first to take the Parliamentary stronghold of Gloucester and then to defeat the Earl of Essex s army at Newbury If the Civil War had a tipping point this was surely it **A Student's History of England from the Earliest Times to 1885: A.D. 1509-1689** Samuel Rawson Gardiner,1896 **The English Civil War** Nick Lipscombe,2020-09-17 The English Civil War is a joy to behold a thing of beauty this will be the civil war atlas against which all others will judged and the battle maps in particular will quickly become the benchmark for all future civil war maps Professor Martyn Bennett Department of History Languages and Global Studies Nottingham Trent University The English Civil Wars 1638-51 comprised the deadliest conflict ever fought on British soil in which brother took up arms against brother father fought against son and towns cities and villages fortified themselves in the cause of Royalists or Parliamentarians Although much historical attention has focused on the events in England and the key battles of Edgehill Marston Moor and Naseby this was a conflict that engulfed the entirety of the Three Kingdoms and led to a trial and execution that profoundly shaped the British monarchy and Parliament This beautifully presented atlas tells the whole story of Britain s revolutionary civil war from the earliest skirmishes of the Bishops Wars in 1639-40 through to 1651 when Charles II s defeat at Worcester

crushed the Royalist cause leading to a decade of Stuart exile Each map is supported by a detailed text providing a complete explanation of the complex and fluctuating conflict that ultimately meant that the Crown would always be answerable to Parliament

A Student's History of England: 1509-1689 Samuel Rawson Gardiner,1891 **A Student's History of England, from the Earliest Times to 1885** Samuel Rawson Gardiner,1895 **Decisive Battles of the English Civil War** Malcolm Wanklyn,2006-10-19 In this stimulating and original investigation of the decisive battles of the English Civil War Malcolm Wanklyn reassesses what actually happened on the battlefield and as a result sheds new light on the causes of the eventual defeat of Charles I Taking each major battle in turn Edgehill Newbury I Cheriton Marston Moor Newbury II Naseby and Preston he looks critically at contemporary accounts and at historians narratives explores the surviving battlegrounds and retells the story of each battle from a new perspective His lucid closely argued analysis questions traditional assumptions about each battle and the course of the war itself

A Student's History of England from the Earliest Times to the Conclusion of the Great War Samuel Rawson Gardiner,1920 *The Great Siege of Chester* John Barratt,2003-03-01 The appalling effects of civil war are often suffered most horrifically by the ordinary men women and children involuntarily caught up in it as it tears asunder the very fabric of their lives Such was the fate of the citizens of Chester who for almost four years found themselves at the centre of the battle between King and Parliament Chester's inhabitants withstood the terrors of bombardment and the rigours of starvation in one of the most fiercely contested sieges of the Civil War Using myriad contemporary sources it is possible for the first time to present a detailed picture of the part played in the siege by the common sort the forgotten voices of Chester ordinary citizens forced by their employers to enlist in the City Regiment their brutal introduction to the realities of war and their gallant defence of Chester

The English Civil War Peter Gaunt,2014-05-09 Sir God hath taken away your eldest son by a cannon shot It brake his leg We were necessitated to have it cut off whereof he died In one of the most famous and moving letters of the Civil War Oliver Cromwell told his brother in law that on 2 July 1644 Parliament had won an emphatic victory over a Royalist army commanded by King Charles I's nephew Prince Rupert on rolling moorland west of York But that battle Marston Moor had also slain his own nephew the recipient's firstborn In this vividly narrated history of the deadly conflict that engulfed the nation during the 1640s Peter Gaunt shows that with the exception of World War I the death rate was higher than any other contest in which Britain has participated Numerous towns and villages were garrisoned attacked damaged or wrecked The landscape was profoundly altered Yet amidst all the blood and killing the fighting was also a catalyst for profound social change and innovation Charting major battles raids and engagements the author uses rich contemporary accounts to explore the life changing experience of war for those involved whether musketeers at Cheriton dragoons at Edgehill or Cromwell's disciplined Ironsides at Naseby 1645

Historical Notes. 1509-1714 ,1856 **Historical Notes. 1509-1714** Francis Sheppard Thomas,1856 *A Student's History of England from the Earliest Times to the Death of Queen Victoria* Samuel Rawson
