The Bible Code Kim Nees and Barry Beach Pamela Lillian Valemont, 2013-11-25 What does the Bible Code have to say about the Poplar Montana murder of Kimberly Nees in 1979 If that seems a long time ago to you imagine how long it seems to Barry Beach who has insisted that the confession he made as a juvenile of 20 in 1983 the one that put him behind bars for one hundred years was false That confession was retracted as soon as it was given Three years after Kim s death his stepmother called the police over a misdemeanour insinuating he was bad by mentioning the fact that Barry had been a murder suspect in Poplar Montana He was along with many others in his home town Barry dated Kim s little sister Pamela Naturally he was questioned by police Now witnesses by the score have come forward and told how they are convinced that Barry did not commit this shocking crime believe he was coerced into giving a false confession out of youthful fear and pressure Now Pamela Nees and others who claim they know who the real killers are fight to free him from a lifetime behind bars

The Making of the First Korean President Young Ick Lew, 2013-11-30 The only full scale history of Syngman Rhee s 1875 1965 early career in English was published nearly six decades ago Now in The Making of the First Korean President Young Ick Lew uncovers little known aspects of Rhee s leadership roles prior to 1948 when he became the Republic of Korea s first president In this richly illustrated volume Lew delves into Rhee s background investigates his abortive diplomatic missions and explains how and why he was impeached as the head of the Korean Provisional Government in 1925 He analyzes the numerous personal conflicts between Rhee and other prominent Korean leaders including some close friends and supporters who eventually denounced him as an autocrat Rhee is portrayed as a fallible yet charismatic leader who spent his life fighting in the diplomatic and propaganda arena for the independence of his beleaguered nation a struggle that would have consumed and defeated lesser men Based on exhaustive research that incorporates archival records as well as secondary sources in Korean

English and Japanese **The Making of the First Korean President** meticulously lays out the key developments of Rhee's pre presidential career including his early schooling in Korea involvement in the reform movement against the Taehan Great Korean Empire and his six year incarceration in Seoul Prison for a coup attempt on Emperor Kojong Rhee's life in the U S is also examined in detail his education at George Washington Harvard and Princeton universities his evangelical work at the Seoul YMCA his extensive activities in Hawai i and attempts to maintain prestige and power among Koreans in the U S Lew concludes that despite the manifold shortcomings in Rhee's authoritarian leadership he was undoubtedly best prepared to assume the presidency of South Korea after the onset of the Cold War in the Korean Peninsula Essential reading for anyone with an interest in modern Korean history this work will serve as a lasting portrait of one of the pivotal figures in the evolution of Korea as it journeyed from colonial suppression to freedom and security

An Analysis of W. Chan Kim and Renée Mauborgne's Blue Ocean Strategy Andreas Mebert, Stephanie Lowe, 2017-07-05 In Blue Ocean Strategy W Chan Kim and Ren e Mauborgne tackle the central problem facing all businesses how to perform better than your competitors Their solution involves taking a creative approach to the normal view of competition In the normal framework competition is a zero sum game if there are two companies competing for the same market as one does better the other has to do worse The authors creative leap is to suggest one can beat the competition by not competing Companies should avoid confronting competitors in crowded marketplaces what they call red oceans and instead seek out new markets or blue oceans Once the blue oceans have been identified companies can get down to the task of creating unique products which exploit that market Chan and Mauborgne argue for example that a wine

company might decide to start appealing to a group previously uninterested in wine This would be a blue ocean market giving the winemaker a huge advantage which they could exploit by creating a wine that appealed to the tastes of a beer drinking demographic A classic of business writing Blue Ocean Strategy is creative thinking and problem solving at its best

Kim Jong-il's Leadership of North Korea Jae-Cheon Lim, 2008-11-24 Kim Jong Il came to power after the death of his father Kim Il Sung in 1994 Contrary to expectations he has succeeded in maintaining enough political stability to remain in power Kim Jong Il's Leadership of North Korea is an examination of how political power has been developed transmitted from father to son and now operates in North Korea Using a variety of original North Korean sources as well as South Korean materials Jae Cheon Lim pieces together the ostensibly contradictory and inconsistent facts into a conceptual coherent framework This book considers Kim and his leadership through an analytical framework composed of four main elements i Kim as a leader of a totalitarian society ii as a politician iii as a Korean and iv as an individual person This illuminating account of what constitutes power and how it is used makes an important contribution to the understanding of an opaque and difficult regime It will be of interest for upper level undergraduate postgraduates and academics interested in North Korean politics and also those in Political theory Becoming Kim Jong Un Jung H. Pak, 2021-04-06 A groundbreaking account of the rise of North Korea's Kim Jong Un from his nuclear ambitions to his summits with President Donald J Trump by a leading American expert Shrewdly sheds light on the world's most recognizable mysterious leader his life and what's really going on behind the curtain Newsweek When Kim Jong Un became the leader of North Korea following his father's death in 2011 predictions about his imminent fall were rife North Korea was isolated poor unable to feed its people and clinging to its nuclear program for legitimacy Surely this twentysomething with a bizarre haircut and no leadership experience would soon be usurped by his elders Instead the opposite happened Now in his midthirties Kim Jong Un has solidified his grip on his country and brought the United States and the region to the brink of war Still we know so little about him or how he rules Enter former CIA analyst Jung Pak whose brilliant Brookings Institution essay The Education of Kim Jong Un cemented her status as the go to authority on the calculating young leader From the beginning of Kim's reign Pak has been at the forefront of shaping U S policy on North Korea and providing strategic assessments for leadership at the highest levels in the government Now in this masterly book she traces and explains Kim's ascent on the world stage from his brutal power consolidating purges to his abrupt pivot toward diplomatic engagement that led to his historic and still poorly understood summits with President Trump She also sheds light on how a top intelligence analyst assesses thorny national security problems avoiding biases questioning assumptions and identifying risks as well as opportunities In piecing together Kim's wholly unique life Pak argues that his personality perceptions and preferences are underestimated by Washington policy wonks who assume he sees the world as they do As the North Korean nuclear threat grows Becoming Kim Jong Un gives readers the first authoritative behind the scenes look at Kim's character and motivations creating an insightful biography of

the enigmatic man who could rule the hermit kingdom for decades and has already left an indelible imprint on world history
