Enoch from Antiquity to the Middle Ages, Volume I John C. Reeves, Annette Yoshiko Reed, 2018-02-22 Across the ancient and medieval literature of Judaism Christianity and Islam one finds references to the antediluvian sage Enoch Both the Book of the Watchers and the Astronomical Book were long known from their Ethiopic versions which are preserved as part of Mashafa Henok Nabiy Book of Enoch the Prophet an Enochic compendium known in the West as 1 Enoch Since the discovery of Aramaic fragments among the Dead Sea Scrolls these books have attracted renewed attention as important sources for ancient Judaism Among the results has been the recognition of the surprisingly long and varied tradition surrounding Enoch Within 1 Enoch alone for instance we find evidence for intensive literary creativity This volume provides a comprehensive set of core references for easy and accessible consultation It shows that the rich afterlives of Enochic texts and traditions can be studied more thoroughly by scholars of Second Temple Judaism and early Christianity as well as by scholars of late antique and medieval religions Specialists in the Second Temple period the era in which Enochic literature first appears will be able to trace or discount the survival of Enochic motifs and mythemes within Jewish literary circles from late antiquity into the Middle Ages thereby shedding light on the trajectories of Jewish apocalypticism and its possible intersections with Jewish mysticism Students of Near Eastern esotericism and Hellenistic philosophies will have further data for exploring the origins of gnosticism and its possible impact upon sectarian currents in Judaism Christianity and Islam Those interested in the intellectual symbiosis among Jews Christians and Muslims in the Middle Ages and especially in the transmission of the ancient sciences associated with Hermeticism e g astrology theurgy divinatory techniques alchemy angelology demonology will be able to view a chain of tradition reconstructed in its entirety for the first time in textual form In the process we hope to provide historians of religion with a new tool for assessing the intertextual relationships between different religious corpora and for understanding the intertwined histories of the major religious communities of the ancient and medieval Near East Bible and Qur'ān John C. Reeves, 2004 Nine essays by scholars who research the intersections of Jewish Christian and Islamic literary traditions explore various aspects of the textual and behavioral connections among these three major Near Eastern religious communities Paperback edition is available from the Society of Biblical Literature [www.sbl-site.org](http://www.sbl-site.org)

Cuddy, 2010-11 Biography I wrote the fictional book of Methuselah with the purpose of showing why man brought the judgment of the flood upon himself I decided to write this story after 30 years of thinking about Methuselah When I first started to piece together what Methuselah saw who influenced him and who he influenced I became in awe of his life Nine out of ten names in the book of Methuselah are taken from three different books the Bible the Book of Jubilees and the Book of Enoch I believe that the evil conditions found before the flood that brought the judgment of God upon the earth is manifesting itself in the world in which we live today Judgment is coming but God is longsuffering and has given us a way to escape the wrath to come just as he did before the great flood Endorsements This is an amazing alternative to Harry Potter Tom M What an exciting movie this would make Brad W This is true history with added imagination Aaron P For anyone who believes in creation this is a must read John T Book Summary Find yourself seeing the world before the flood through the eyes of the oldest man that ever lived Experience all of the patriarchs and their time slot in history Watch how the world slips into the condition we find ourselves today As it was in the day of Noah

*Genesis According to Methuselah* Reva Spiro Luxenberg, 2018-08-02 Methuselah the oldest person who has ever lived goes on a quest for truth expanding the Bible with humor He writes My best marriage was to Sheilabenautumn a living doll I called her She She called me Meth Honey But I suffered from the neighbors evil gossip I was 603 and She was a mere 133 The neighbors said I had robbed the cradle The author with tongue in cheek traces the world of Adam and Eve Noah and the patriarchs through Methuselahs eyes and ears in a style that is a mock modernization of the terminology in the Bible For example God named the first man Adam and said Live long and prosper When Eve became overweight Adam couldnt understand why She explained I think theres a person inside of me because I feel kicking in my stomach I dont know from which orifice he will come out This is a new version of the Bible that will cause readers to laugh aloud      Antediluvian Antiquities. Fragments of the Age of Methuselah. Translated by an American Traveller in the East METHUSELAH., 1829

**The Early Prophets: Joshua, Judges, Samuel, and Kings** , 2014-11-04 The story of ancient Israel from the arrival in Canaan to the destruction of the Kingdom of Judah and the Babylonian exile some six centuries later here is the highly anticipated second volume in Everett Fox s landmark translation of the Hebrew Bible The personalities who appear in the pages of The Early Prophets and the political and moral dilemmas their stories illuminate are part of the living consciousness of the Western world From Joshua and the tumbling walls of Jericho to Samson and Delilah the prophet Samuel and the tragic King Saul David and Goliath Bathsheba and Absalom King Solomon s temple Elijah and the chariot of fire Ahab and Jezebel the stories of these men and women are deeply etched into Western culture because they beautifully encapsulate the human experience The four books that comprise The Early Prophets look at tribal rivalries dramatic changes in leadership

and the intrusions of neighboring empires through the prism of the divine human relationship Over the centuries the faithful have read these narratives as demonstrations of the perils of disobeying God's will and time and again Jews in exile found that the stories spoke to their own situations of cultural assimilation destruction and the reformulation of identity They have had an equally indelible impact on generations of Christians who have seen in many of the narratives foreshadowings of the life and death of Jesus as well as models for their own lives and the careers of their leaders But beyond its importance as a foundational religious document The Early Prophets is a great work of literature a powerful and distinctive narrative of the past that seeks meaning in the midst of national catastrophe Accompanied by illuminating commentary notes and maps Everett Fox's masterly translation of the Hebrew original re-creates the echoes allusions alliterations and wordplays that rhetorically underscore its meaning and are intrinsic to a timeless text meant to be both studied and read aloud

The Autobiography of Methuselah John Kendrick Bangs, 2021-08-24 Excerpt FOREWORD Having recently passed into what my great grandson Shem calls my Anecdote it has occurred to me that perhaps some of the recollections of a more or less extended existence upon this globular mass of dust and water that we are pleased to call the earth may prove of interest to posterity and I have accordingly at the earnest solicitation of my grandson Noah and his sons Shem Ham and Japhet consented to put them into permanent literary form In view of the facts that at this writing ink and paper and pens have not as yet been invented and that we have no capable stenographers among our village folk and that because of my advanced years I should find great difficulty in producing my manuscript on a type writing machine with my gouty fingers for of the luscious fluid of the grape have I been a ready though never over abundant consumer even if I were familiar with the keyboard of such an instrument or if indeed there were any such instrument to facilitate the work in view of these facts I say I have been compelled to make use of the literary methods of the Egyptians and with hammer and chisel to gouge out my Few Remarks upon such slabs of stone as I can find upon my native heath It is quite interesting in the light of the contentions of history as to man's earliest realization that the earth is round to find Methuselah speaking in this fashion It would seem from this that the real facts had dawned upon the Patriarch's mind even at this early period and one is therefore disposed to regard as less apocryphal the anecdote recorded in Volume III Chapter 38 of The Life and Voyages of Noah wherein Adam after being ejected from the Garden of Eden asked by Cain if he believes the world to be round like an orange replies I used to think so my son but under prevailing conditions I am forced into a more or less definite suspicion that it is elliptical like a lemon Editor Ye scribe decides not to use Egyptian writing Let us hope that my story will not prove as heavy as my manuscript It is hardly necessary for me to assure the indulgent reader that such a method of composition is not altogether an easy task for a man who is shortly to celebrate his nine hundred and sixty fifth birthday more especially since at no time in my life have I studied the arts of the Stone Cutter or been a master in the Science of Quarrying Nor is it easy at my advanced age with a back no longer sinewy and muscles grown flabby from lack of active exercise for me to lift a virgin sheet of stone

from the ground to the surface of my writing desk without a derrick but these are after all minor difficulties and I shall let no such insignificant obstacles stand between me and the great purpose I have in mind I shall persist in the face of all in the writing of this Autobiography if for no worthier object than to provide occupation for my leisure hours which in these patriarchal days to which I have attained sometimes hang heavy on my hands I know not why it should so transpire but it is the fact that since I passed my nine hundred and fiftieth birthday I have had little liking for the pleasures which modern society most affects
