huge role in his early childhood Although the story takes place on one brief day it depicts life in a rural area in the early 1950s Huck Grows Up takes place over two summers and tells of the fishing adventures of the author when he was first given his independence and allowed to go out fishing and into town on his own It was a turning point in his life when childhood dreams change and his life takes a new direction The Norma K is the authors first experience into ocean fishing Its interesting because the story is divided into three sub chapters The Norma K The Norma K II and The Norman K III All three were party boats out of Point Pleasant New Jersey that the author fished on in various times in his life first with his father then with his wife and finally with his son All three experiences were surprisingly similar in some ways and subtly different in others The Norma K is the last story of the author as a child and it finishes up with him as an adult The remaining stories depict the author as an adult or as near to one as he can be while still having as much fun as he can while fishing My Turn is the first story the author ever wrote It came after the death of his father and it was part of the grieving process the author went through The story tells of the changing of the guard when the son becomes the leader and mentor and fulfills one of his fathers lifelong dreams with surprising results Fixing a Roof is a whimsical tale of grown men deciding to play hooky for the day and go fishing This is where you meet Alan the authors brother and are introduced to one of Alans friends Lake Ontario is an ongoing process it started in 1987 when the authors father died and chronicled the first eight years of an ongoing trip that continues even to today In this tale you become more acquainted with Doug the authors son and he becomes a vital part of the rest of the saga New Jersey Trout is the exploration into new waters and the discovery of a whole new fishery Along the way the author meets new friends and bonds closely with his son Tiger Muskies is the start of something new the author has stepped up and bought a bigger boat The small lake fishing and wading by the edge of the streams has been replaced by fishing for trophy sport fish It is also the second story written by the author Thoughts on Retirement is a reflective essay that was written one afternoon in August when the author was sitting down in his shed by the lake and was a little scared of what the future would bring For the first time in fifty years the author was free of any obligations Shark Fishing at Montau
