## **The Flight From Reality:**

*The Flight from Reality in the Human Sciences* Ian Shapiro, 2009-02-09 In this captivating yet troubling book Ian Shapiro offers a searing indictment of many influential practices in the social sciences and humanities today Perhaps best known for his critique of rational choice theory Shapiro expands his purview here In discipline after discipline he argues scholars have fallen prey to inward looking myopia that results from and perpetuates a flight from reality In the method driven academic culture we inhabit argues Shapiro researchers too often make display and refinement of their techniques the principal scholarly activity The result is that they lose sight of the objects of their study Pet theories and methodological blinders lead unwelcome facts to be ignored sometimes not even perceived The targets of Shapiro s critique include the law and economics movement overzealous formal and statistical modeling various reductive theories of human behavior misguided conceptual analysis in political theory and the Cambridge school of intellectual history As an alternative to all of these Shapiro makes a compelling case for problem driven social research rooted in a realist philosophy of science and an antireductionist view of social explanation In the lucid if biting prose for which Shapiro is renowned he explains why this requires greater critical attention to how problems are specified than is usually undertaken He illustrates what is at stake for the study of power democracy law and ideology as well as in normative debates over rights justice freedom virtue and community Shapiro answers many critics of his views along the way securing his position as one of the distinctive social and political theorists of our time
