The Formation Of Alberta A Documentary History:

The Formation of Alberta Historical Society Of Alberta (Calgary, Canada), L.G. Thomas, L.H. Thomas, 1979 *The Formation of Alberta* Douglas Owram, 1979 **The Formation of Alberta** R. C. Macleod, 1979 **Forging Alberta's Constitutional Framework** Richard Connors, John M. Law, University of Alberta. Centre for Constitutional Studies, 2005-11

Forging Alberta's Constitutional Framework analyzes the principal events and processes that precipitated the emergence and formation of the law and legal culture of Alberta from the foundation of the Hudson's Bay in 1670 until the eve of the centenary of the Province in 2005. The formation of Alberta's constitution and legal institutions was by no means a simple process by which English and Canadian law was imposed upon a receptive and passive population. Challenges to authority, latent lawlessness, interaction between indigenous and settler societies, periods pre and post 1905 of jurisdictional confusion and demands for individual group and provincial rights and recognitions are as much part of Alberta's legal history as the heroic and mythic images of an emergent and orderly Canadian west patrolled from the outset by red-coated mounted police and peopled by peaceful and law-abiding subjects of the Crown. Papers focus on the development of criminal law in the Canadian west in the nineteenth century, the Natural Resources Transfer Agreement of 1930, the National Energy Program of the 1980s, Federal-Provincial relations and the role and responsibilities of the offices of Justices of the Peace and of the Lieutenant Governor and the legacies of the Lougheed and Klein governments.

Will the Real Alberta Please Stand Up? Geo Takach, 2010-12-01. One little question propels both author and reader on a genre-bending quest to find the elusive essence of a Canadian province built on sturdy stereotypes of oil-spoiled beef-eating bible-thumping rednecks devoid of class or culture. Through essay, interview, colourful observation and whatever other expos it takes to amplify the hyperbolic absurdity of seeking a simple answer to an incendiary question, Geo Takach spotlights the cultural complexity of this perplexing province. Readers will be delightfully edified after a dizzying romp around Wild Rose Country with Geo and a cast of citizens and celebs alive and dead.

Clifford Sifton, Volume 2 D.J. Hall, 2011-11-01. *A Lonely Eminence* is the second of two volumes tracing the public life and times of Clifford Sifton, one of Canada's most controversial politicians. Volume II examines Sifton's life and work in the twentieth century, especially his political activities. Sifton's involvement in the early administration of the Yukon Territory is analyzed, as is his concern for a rational all-Canadian transportation policy and his role in railway development in the west. Volume II of Clifford Sifton, like Volume I, is rich in historical detail and is the result of extensive research into original historical sources. The vitality and significance of Sifton's public and political career emerge from this political biography, which will be of interest to Canadian historians and political scientists as well as to anyone interested in the growth and development of Canada.

Athabasca Oil Sands Barry Glen Ferguson, Alberta. Alberta Culture, University of Regina. Canadian Plains Research Center, 1985. Using the available primary sources, mostly previously unpublished government records, Barry Ferguson examines the ways in which individuals have perceived the importance of

the oil sands and surveys their attempts to exploit the resource A co publication with Alberta Culture and Multiculturalism this book was the winner of the Canadian Historical Association Regional Prize in 1987 *Alberta Premiers of the Twentieth Century* University of Regina. Canadian Plains Research Center,2004 From the optimism associated with provincial status in 1905 through the trials of Depression and war the boom times of the post war period and the economic vagaries of the 1980s and the 1990s the twentieth century was a time of growth and hardship development and change for Alberta and its people And during the century twelve men from a variety of political parties and from very different backgrounds led the government of this province The names of some like William Aberhart Ernest Manning and Peter Lougheed are still household names while others like Arthur Sifton Herbert Greenfield and Richard Reid have been all but forgotten Yet each in his unique way for better or for worse helped to mould and steer the destiny of the province he governed These are their stories *Fort Chipewyan and the Shaping of Canadian History, 1788-1920s* Patricia A. McCormack,2011-01-01 The story of the expansion of European civilization into the wilderness continues to shape perceptions of how Aboriginal people became part of nations such as Canada This groundbreaking study subverts this narrative of progress and modernity by examining nation building from the perspective of a northern community and its residents Drawing on decades of research Patricia McCormack argues that Fort Chipewyan was never an isolated Aboriginal community but a plural society at the crossroads of global national and local forces The steps that led Aboriginal people to sign Treaty No 8 and accept scrip in 1899 and their struggle to maintain autonomy thereafter reveal that Aboriginal peoples and others can become modern without relinquishing cherished beliefs and practices This study of the most famous of the Treaty No 8 communities not only provides a window into the history of Canada and Alberta it challenges the nature of history writing in Canada itself The Heavy Hand of History University of Regina. Canadian Plains Research Center,2005 *Historical Society of Alberta* Lewis Herbert Thomas,Lewis Gwynne Thomas,1979 **Alberta History** ,1991 Historical Dictionary of Canada Stephen Azzi,Barry M. Gough,2021-04-15 Canada has become a leader among the modern nations of the world It has emerged as a modern industrial nation and as a key player in the resource commodities and financial institutions that make up today s world This third edition of the Historical Dictionary of Canada contains a chronology an introduction and an extensive bibliography It includes over 700 cross referenced entries on a wide range of topics covering the broad sweep of Canadian history from long before European contact until present day Topics include Indigenous peoples women religion regions politics international affairs arts and culture the environment the economy language and war This is an excellent resource for students researchers and anyone wanting to know more about Canada It introduces readers to the successes and failures the conflicts and accommodations the events and trends that have shaped Canadian history **Let the Eastern Bastards Freeze in the Dark** Mary Janigan,2013-08-27 The first big book on one of the most overlooked episodes in Canadian history and the origin of today s greatest national debate Let the Eastern Bastards Freeze in the Dark relives the 1918 attempt by 3 premiers to

wrest control of their natural resources away from Ottawa and end their role as second class provinces The oil sands Global warming The National Energy Program Though these seem like modern Canadian subjects Mary Janigan reveals them to be a legacy of longstanding regional rivalry Something of a Third Solitude since entering Confederation the West has long been overshadowed by Canada's other great national debate But as the conflict over natural resources and their effect on climate change heats up 150 years of antipathy are coming to a head Janigan takes readers back to a pivotal moment in 1918 when Canada's western premiers descended on Ottawa determined to control their own future and as Margaret MacMillan did in Paris 1919 she deftly illustrates how the results reverberate to this day *The Times Documentary History of the War: Overseas, pt. 1* London The Times, 1918
