**Mounted Oriental Porcelain in the J. Paul Getty Museum** Gillian Wilson, Sir Francis Watson, 2000-03-16 The Getty Museum's large and exceptional collection of oriental porcelain embellished with Parisian gilt bronze or silver is comprehensively illustrated in this revised catalogue The European practice of mounting exotic objects such as oriental porcelain dates from the Middle Ages and found its height of expression during the seventeenth and eighteenth centuries when Chinese and Japanese porcelains reached the West in considerable quantities To meet the growing taste for such objects in fashionable Parisian society marchands merciers guild members who combined the functions of the modern interior decorator antique dealer and picture dealer devised ingenious settings in silver and gilt bronze for oriental porcelains adapting their exotic character to the French interiors of the period With the publication of this catalogue the beauty and rarity with which buyers of these pieces were so enamored is vividly brought to life     *French News*, 1969

*The Wrightsman Collection. Vols. 1 and 2, Furniture, Gilt Bronze and Mounted Porcelain, Carpets, Ornament, Fantasy, and Desire in Nineteenth-Century French Literature* Rae Beth Gordon, 2014-07-14 In this examination of the role of ornament in nineteenth century French literature Rae Beth Gordon shows that ornament far from being a simple accessory raises problems that are at the very heart of aesthetic experience limits and their transgression illusion and seduction pleasure and tension harmony and confusion excess and marginality After placing texts by Nerval Gautier Mallarmé Huysmans and Rachilde within the context of the history and techniques of the decorative arts she reveals in these works the powerful role played by decorative figurations of syntax diction and composition Gordon's detailed textual analyses yield spatial parallels with specific ornamental configurations interlace arabesque decorative frame horror vacui trompe l'oeil These patterns are then studied in relation to a dynamics of desire Ornament taken as the site of desire and illuminated by the theories of Charcot Clrambault Freud Winnicott and Lacan highlights important differences between romanticism symbolism and decadence Not only does the author relate ornament to artistic representations of the sublime the grotesque and hysteria but she also reveals that the function of ornament in literature anticipated psychiatric and aesthetic research on decorative form in the fin de siècle Originally published in 1992 The Princeton Legacy Library uses the latest print on demand

technology to again make available previously out of print books from the distinguished backlist of Princeton University Press. **The Cultural Uses of Print in Early Modern France** Roger Chartier, 2019-01-29. The first book-length presentation of Roger Chartier's work in English, this volume provides a vivid example of the new directions of cultural history in France. These essays probe the impact of printing on all social classes of the ancien regime and reveal the surprising range of ways in which texts and pictures were used by audiences with different levels of literacy. Professor Chartier demonstrates that those who attempted to regulate behavior and thought on behalf of church or state, for example, were well aware of the wide influence of the printed word. He finds fascinating evidence of fundamental processes of social control in texts such as the guides to a good death or the treatises on norms of civility rules that originated at court but that were eventually appropriated in various forms by society as a whole. Essays on the evolution of the fete on the cahiers de doléances of 1789 and on the early paperback genre known as the Bibliothèque bleue complete the picture of what people read and why and of what was published and what influenced the publishers. These essays offer a critical reappraisal of the complex connections between the new culture of print and the oral and ritual-oriented forms of traditional culture. The reader will discover essential patterns of the cultural evolution of France from the sixteenth to the eighteenth centuries. Roger Chartier is Director of Studies, École des Hautes Études en Sciences Sociales in Paris. Originally published in 1988. **The Boston Raphael** Belinda Rathbone, 2014-10-01 The discovery of a previously unknown painting by an Italian Renaissance master and how it went from media sensation to career ending scandal On the eve of its centennial celebrations in December 1969 the Boston Museum of Fine Arts announced the acquisition of an unknown and uncatalogued painting attributed to Raphael Boston's coup made headlines around the world Soon afterward an Italian art sleuth began investigating the details of the painting's export from Italy challenged the museum's right to ownership Simultaneously

experts on both sides of the Atlantic lined up to debate the artwork's very authenticity. While these contests played themselves out on the international stage, the crisis deepened within the museum as its charismatic director Perry T. Rathbone faced the most challenging crossroads of his thirty-year career. The facts about the forces that converged on the museum and how they led to Rathbone's resignation as director is only now fully revealed in this compelling behind-the-scenes story that reveals how the art world, media, and museums work. This is for anyone who relishes stories of the business of art.

**Praise for *The Boston Raphael***

Perhaps the most exciting book on the art world since Jonathan Harr's *The Lost Painting*. *The Boston Globe*

In the compelling story of her father, Perry Rathbone, and the years when he was the elegant and revolutionary director of the Boston Museum of Fine Arts, Belinda Rathbone evokes our country's most glamorous years. *The Boston Raphael* is a combination of personal memoir and rich, deliciously detailed history that will keep you turning the pages.
