Crafton, 1997-11-25 Discusses the significance of the French Revolution in English literary and cultural history particularly in the works of Edmund Burke William Blake William Wordsworth and Thomas Carlyle *The French Revolution and English Literature* Edward Dowden, 2017-09-17 Excerpt from *The French Revolution and English Literature Lectures Delivered in Connection With the Sesquicentennial Celebration of Princeton University* The substance of this volume was embodied in lectures given in Trinity College Cambridge when I had the honor to hold the Clark Lecture ship in English Literature On receiving the honor of an invitation from the authorities of Princeton University to deliver a series of lectures in connection with the Sesqui centennial Celebration I revised my material and made some additions It is the wish of those who organized and carried out that brilliant Celebra tion that these lectures should be published and I am further encouraged to publication by the great kindness of many of my American fellow students and by the generous welcome which I received from an American audience I think of my days spent in the autumn of last year at that Old and distinguished seat of learning which has contributed so much to the best life of the United States with a feeling of happy gratitude In these lectures I go over some

ground which I have previously traversed the point of View perhaps gives unity to the results of various studies I do not attempt to prove a thesis I have tried to enter in a disinterested way into the spirit of each writer who comes within the scope of my subject and to let the meanings of the French Revolution as they entered into English literature expound themselves To present some important figures on a background of history history of ideas rather than of events has been my aim About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Moutray, 2016-03-22 In eighteenth century literature negative representations of Catholic nuns and convents were pervasive Yet during the politico religious crises initiated by the French Revolution a striking literary shift took place as British writers championed the cause of nuns lauded their socially relevant work and addressed the attraction of the convent for British women Interactions with Catholic religious including priests and nuns Tonya J Moutray argues motivated writers including Hester Thrale Piozzi Helen Maria Williams and Charlotte Smith to reevaluate the historical and contemporary utility of religious refugees Beyond an analysis of literary texts Moutray's study also examines nuns personal and collective narratives as well as news coverage of their arrival to England enabling a nuanced investigation of a range of issues including nuns displacement and imprisonment in France their rhetorical and practical strategies to resist authorities representations of refugee migration to and resettlement in England relationships with benefactors and locals and the legal status of English nuns and convents in England including their work in recruitment and education Moutray shows how writers and the media negotiated the multivalent figure of the nun during the 1790s shaping British perceptions of nuns and convents during a time critical to their survival [The Impact of the French Revolution on English Literature](#) Anders Iversen, 1990 Issue 19 of
