The Friends Of Richard Nixon:

The Friends of Richard Nixon George V. Higgins, 1976-10 **Richard Nixon** Hal Boch, 1990-01-19 Although much has been written about Richard Nixon the man and the politician comparatively little attention has been paid to Nixon the public speaker This is unfortunate because it was through public speaking that Nixon an introverted private man first captured public attention won a seat in the House of Representatives advanced to the Senate held on to his vice presidential nomination lost and won the presidency and eventually molded a constituency that carried him to one of the most overwhelming presidential election victories in American history It was also through public speaking that President Nixon attempted to defend himself against charges related to the Watergate incident and sought to save himself from impeachment When his rhetorical efforts failed to rouse popular support he had no choice but to resign This volume examines the combination of personal characteristics and artistic choices that made Richard M Nixon a successful albeit extremely controversial public speaker from 1946 to the present Based on Nixon s own writings primary materials found in special collections a number of rhetorical studies by communication scholars and historical case studies the most complete picture yet of Nixon as a rhetorical strategist emerges The study of Nixon s rhetoric is the study of many important issues from the alleged threat of subversive communism to Vietnam to Watergate confronting America from 1946 to 1974 It is also the study of the man himself because Nixon took an active role in the composition of all his important addresses That both the highs and lows of Richard Nixon s career were marked by public address makes the rhetoric of Richard Nixon a worthy subject for anyone interested in political science history or communication and persuasion *Richard Nixon* Paul Carter, 2023 2023 Foreword INDIES Gold Winner in Biography 2024 Eric Hoffer First Horizon Award Winner 2024 Eric Hoffer Reference Book Award Winner 2024 Eric Hoffer Grand Prize Short List 2024 Best Book Award Winner in Biography sponsored by American Book Fest Modern biographies of Richard Nixon have been consumed with Watergate All have missed arguably the most important perspective on Nixon as California s native son the only U S president born and raised in California In addition Nixon was also a son brother friend husband father uncle and grandfather By shifting the focus from Watergate and Washington to Nixon s deep defining roots in California Paul Carter boldly challenges common conceptions of the thirty seventh president of the United States More biographies have been written on Nixon than any other U S politician Yet the territory traversed by Carter is unexplored revealing for the first time the people places and experiences that shaped Richard Nixon and the qualities that garnered him respect from those who knew him well Born in Yorba Linda and raised in Whittier California Nixon succeeded early in life excelling in academics while enjoying athletics through high school At Whittier College he graduated at the top of his class and was voted Best Man on Campus During his career at Whittier s oldest law firm he was respected professionally and became a chief trial attorney As a military man in the South Pacific during World War II he was admired by his fellow servicemen Returning to his Quaker roots after the war he was elected to the U S House

of Representatives the Senate and the vice presidency all within six short years After losing to John Kennedy in the 1960 presidential campaign Nixon returned to Southern California to practice law After losing his gubernatorial race he reinvented himself he moved to New York and was elected president of the United States in 1968 He returned to Southern California after Watergate and his resignation to heal before once again taking a place on the world stage Richard Nixon California s Native Son is the story of Nixon s Southern California journey from his birth in Yorba Linda to his final resting place just a few yards from the home in which he was born *Healing Richard Nixon* John C. Lungren, John C Lungren Jr., 2014-10-17 Richard M Nixon remains an enigma even thirty years after his resignation Of the many portraits of this complex man none have been more intimate or revealing than this memoir from his personal physician friend and confidante of more than forty years John C Lungren M D Dr Lungren with his son and co author John C Lungren Jr portrays Nixon as a paradoxical man intense compassionate guarded intelligent resilient deeply religious enormously successful but ultimately tragic Lungren describes his battle to restore the president s health after his resignation and reveals previously unknown details about Nixon s two intensive hospitalizations his near fatal vascular collapse and his depression Lungren experienced firsthand Nixon s thoughts and feelings during the public scrutiny of federal prosecution for his role in the Watergate break in Accused of shielding his friend Lungren himself came under fire his private office was even burgled in an apparent attempt to copy Nixon s private medical records Using previously unpublished sources original correspondence and private photographs *Healing Richard Nixon* places Nixon in a new light No future research or conclusions about Nixon the man or the president will be complete without consulting this fascinating memoir **Richard Nixon** John A. Farrell, 2018-02-06 From a prize winning biographer comes the defining portrait of a man who led America in a time of turmoil and left us a darker age We live today John A Farrell shows in a world Richard Nixon made At the end of WWII navy lieutenant Nick Nixon returned from the Pacific and set his cap at Congress an idealistic dreamer seeking to build a better world Yet amid the turns of that now legendary 1946 campaign Nixon s finer attributes gave way to unapologetic ruthlessness The story of that transformation is the stunning overture to John A Farrell s magisterial biography of the president who came to embody postwar American resentment and division Within four years of his first victory Nixon was a U S senator in six the vice president of the United States of America Few came so far so fast and so alone Farrell writes Nixon s sins as a candidate were legion and in one unlawful secret plot as Farrell reveals here Nixon acted to prolong the Vietnam War for his own political purposes Finally elected president in 1969 Nixon packed his staff with bright young men who devised forward thinking reforms addressing health care welfare civil rights and protection of the environment It was a fine legacy but Nixon cared little for it He aspired to make his mark on the world stage instead and his 1972 opening to China was the first great crack in the Cold War Nixon had another legacy too an America divided and polarized He was elected to end the war in Vietnam but his bombing of Cambodia and Laos enraged the antiwar movement It was Nixon who launched the McCarthy era who played white against

black with a southern strategy and spurred the Silent Majority to despise and distrust the country's elites. Ever insecure and increasingly paranoid, he persuaded Americans to gnaw as he did on grievances and to look at one another as enemies. Finally in August 1974, after two years of the mesmerizing intrigue and scandal of Watergate, Nixon became the only president to resign in disgrace. Richard Nixon is a gripping and unsparing portrayal of our darkest president. Meticulously researched, brilliantly crafted, and offering fresh revelations, it will be hailed as a master work. Historical Dictionary of the Friends (Quakers) Margery Post Abbott, Mary Ellen Chijioke, Pink Dandelion, John William Oliver, 2011-12-01. The modern reputation of Friends in the United States and Europe is grounded in the relief work they have conducted in the presence and aftermath of war. Friends, also known as Quakers, have coordinated the feeding and evacuation of children from war zones around the world. They have helped displaced persons without regard to politics. They have engaged in the relief of suffering in places as far flung as Ireland, France, Germany, Ethiopia, Egypt, China, and India. Their work was acknowledged with the award of the Nobel Peace Prize in 1947 to the American Friends Service Committee (AFSC) and the Friends Service Council of Great Britain. More often, however, Quakers live, worship, and work quietly without seeking public attention for themselves. Now the Friends are a truly worldwide body and are recognized by their Christ-centered message of integrity and simplicity, as well as their nonviolent stance and affirmation of the belief that all people, women as well as men, may be called to the ministry. The expanded second edition of the *Historical Dictionary of the Friends Quakers* relates the history of the Friends through a chronology, an introductory essay, an extensive bibliography, and over 700 cross-referenced dictionary entries on concepts, significant figures, places, activities, and periods. This book is an excellent access point for scholars and students who will find the overviews and sources for further research provided by this book to be enormously helpful. **Richard Nixon** Fawn McKay Brodie, 1983. Portrays Nixon as a complex, multi-character man with grandiose fantasies who used lies and denials to gain approval and to catapult himself to power only to engineer his own destruction. **Richard Nixon as Student as Member of the Friends Church, and as President** Louis T. Jones, Glenn Barnett, California State University, Fullerton. Oral History Program. Richard M. Nixon Project, 1976. **George V. Higgins** Erwin H. Ford II, 2014-07-09. Best known for his popular crime fiction, Boston novelist George V. Higgins (1939-1999) should stand among the top ranks of the American literary canon. In his 26 novels and dozens of short stories, Higgins chronicled the lives of Boston's Irish with his trademark hard-boiled dialog, exploring the criminal underworld, American democracy, Boston politics, personal redemption, and New England life in the tradition of Hawthorne and Thoreau. This intimate biography explores his turbulent life and career, including his working-class Irish Catholic roots, his two stormy marriages, his ambivalence toward the city of his birth, his passion for the limelight, and his drinking, which disrupted his family life and led to his early death at age 59. Discussions of Higgins's individual works and excerpts from his correspondence, writings, and thoughts on literature complete this revealing portrait. *The Wars of Watergate* Stanley I. Kutler, 2013-08-28. This is the first truly comprehensive history of the political

explosion that shook America in the 1970s and whose aftereffects are still being felt in public life today Drawing on contemporary documents personal interviews memoirs and a vast quantity of new material Stanley Kutler shows how President Nixon's obstruction of justice from the White House capped a pattern of abuse that marked his entire tenure in office He makes clear how the drama of Watergate is rooted not only in the tumultuous events and social tensions of the 1960s but also in the personality and history of Richard Nixon Kutler examines Nixon's confrontations with the institutions he feared and resented the Congress the federal agencies the news media the Washington establishment and how they mobilized to topple the President He considers the arguments of Nixon's defenders who insisted that Watergate was a minor affair and the contention that the President did nothing worse than his predecessors had done He offers compelling portraits of the President's men H R Haldeman John Ehrlichman John Mitchell Charles Colson John Dean of his adversaries Judge John Sirica the U S Attorneys Special Prosecutors Archibald Cox and Leon Jaworski and of the legislators who would stand in judgment Sam Ervin and Peter Rodino In the course of his engrossing narrative Stanley Kutler illuminates the constitutional crisis brought on by Watergate He shows how Watergate diminished the moral level of American political life and illustrates its continuing detrimental impact on the credibility authority and prestige of the Presidency in particular and the government in general His book underlines for the American electorate the significance of Watergate for the future of our political ethics and the maintenance of our constitutional system as well as for the place of Richard Nixon in American history Television and the Making of Richard Nixon William T. Horner, 2022-07-13 While Richard Nixon's accomplishments and shortcomings are well documented one often ignored aspect of his career is his influence on the media conduct of politicians Nixon pioneered the use of visual media in politics beginning in the 1940s during his Congressional service His historic Checkers speech was the first of its kind a politician using television to save his political career His appearances on entertainment television which are now a normal feature of most national political campaigns broke new ground as well This book details the blueprint Nixon set for using television to achieve political goals Presidents have often used innovative media as strategic methods of communication and public relations The author argues that Nixon pioneered television media using it consistently to connect with the American public Reinventing Richard Nixon Daniel E. Frick, 2008 Examining Nixon's autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon's version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon's state funeral at which Bob Dole's eulogy depicted a God-fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one

place such varied images of Nixon from so many diverse media These reinforce Frick s probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements BOOK JACKET **Elvis Presley, Richard Nixon and the American Dream** Connie Kirchberg, Marc Hendrickx, 2015-10-20 Elvis Presley and Richard Nixon are two of the most important and controversial figures of the twentieth century Although fame came to them in very different ways they rose from very similar backgrounds of poverty to seek the American Dream These two remarkable men both had to face falls from grace but while Nixon rebounded from Watergate to regain a reputation as a distinguished elder statesman Elvis was destroyed by the pressures of fame only to have his image restored after his death Here for the first time the remarkable parallels in their lives are examined balanced on the point of their historic December 21 1970 meeting Their similarities and differences as American icons are analyzed and numerous photographs including all those taken during their meeting are included Together the stories of these two men form part of the essence of American culture

Richard Nixon Vamik D. Volkan, Norman Itzkowitz, Andrew W. Dod, 2007-01-22 Despite an abundance of literature on Richard Nixon the man behind the most spectacular crash and burn career of modern political history has remained an enigma What lay behind his obsessive hunger for power and control his paranoid attacks against enemies real and perceived his refusal to accept defeat Why did a man who had achieved so much feel so unfulfilled even at the height of his power And what drove the president responsible for such triumphs as the opening of relations with China to the depths of the most devastating political scandal in American history Richard Nixon A Psychobiography is the first thoroughgoing psychological portrait of the 37th president drawing upon telling interviews with Nixon intimates published and archived materials while employing a rigorous psychoanalytic methodology Tracing the development of Nixon s complex psyche the authors provide new insight not only into his unconscious motivations but also into the way they influenced his political actions whether shrewd or disastrous The authors explore Nixon s difficult upbringing his mean spirited abusive father and often absent mother episodic physical trauma and mental deprivation the tragic deaths of his two brothers his rejection by the first woman he hoped to marry and the long pursuit of his eventual wife Pat Nixon emerges as a narcissistic man with an extraordinary sense of purpose yet one who suffered from inner conflicts and self destructive tendencies His desire to heal difficult political conflicts and his need to punish himself continually were attempts to reconcile the crippling contradiction between a grandiose self image and an impoverished private sense of worth Projecting his own devalued self image onto others attempting to control and destroy them Nixon surrendered to the excessive suspiciousness that would eventually lead to his downfall Here are the three faces of Nixon s complex psyche the grandiose persona which manifested itself in bold policy moves like The New Federalism and the China initiative the peacemaker whose desire to heal internal conflicts can be seen in the policies of détente and the Southern desegregation strategy and the paranoid degraded self which struck out against those who had humiliated him and was responsible for the bombing of Cambodia and the Watergate break in This probing

analysis makes intelligible the moments in Nixon's presidency that have provoked much speculation but few answers from his attempt to talk to Vietnam war protesters during a pre dawn visit to the Lincoln Memorial to his keeping of the White House tapes. A more nuanced more humanized Nixon emerges in a book that also provides compelling evidence that the politics of a nation is subject to the unconscious needs fears and fantasies of its leaders. Richard Nixon United States. President (1969-1974 : Nixon), 1971

Great Heroin Coup Henrik Krüger, Jerry Meldon, Peter Dale Scott, 2015-12-31 In this new edition of a cult classic Henrik Krüger and Jerry Meldon have added new material and provided updates of the investigations. Danish investigative author Henrik Krüger set out to write a book about Christian David a French criminal with a colorful past and wound up writing a book originally published in 1980 that spans all continents and names names all the way up to Richard Nixon. The Nixon administration and CIA wanted to eliminate the old French Connection and replace it with heroin from the Golden Triangle partly in order to help finance operations in Southeast Asia. The book delves into the relationships between French and U.S. intelligence services and organized crime probing into the netherworld of narcotics espionage and international terrorism. It uncovers the alliances between the Mafia right wing extremists neo fascist OAS and SAC veterans in France and Miami based Cuban exiles. It lifts the veil on the global networks of para fascist terrorists who so frequently plot and murder with impunity thanks to their relationships and services to the intelligence agencies of the so called free world. In short this updated edition tells a story which our own media have systematically failed to tell. Richard M. Nixon Dale E. Casper, 1988

Richard M. Nixon Conrad Black, 2008-10-23 From the late 1940s to the mid 1970s Richard Nixon was a polarizing figure in American politics admired for his intelligence savvy and strategic skill and reviled for his shady manner and cutthroat tactics. Conrad Black whose epic biography of FDR was widely acclaimed as a masterpiece now separates the good in Nixon his foreign initiatives some of his domestic policies and his firm political hand from the sinister in a book likely to generate enormous attention and controversy. Black believes the hounding of Nixon from office was partly political retribution from a lifetime's worth of enemies and Nixon's misplaced loyalty to unworthy subordinates and not clearly the consequence of crimes in which he participated. Conrad Black's own recent legal travails though hardly comparable have undoubtedly given him an unusual insight into the pressures faced by Nixon in his last two years as president and the first few years of his retirement. *Public Papers of the Presidents of the United States, Richard Nixon: 1969* United States. President (1969-1974 : Nixon), 1971

Nixon's First Cover-up H. Larry Ingle, 2015-07-07 Have you ever thought you completely knew a story inside and out only to see some new information that shatters what you had come to accept as unquestioned fact? Well Richard Nixon is that story and Nixon's First Cover up is that new information. With few exceptions the religious ideologies and backgrounds of U.S. presidents is a topic sorely lacking in analysis. H. Larry Ingle seeks to remedy this situation regarding Nixon one of the most controversial and intriguing of the presidents. Ingle delves more deeply into Nixon's Quaker background than any previous scholar to observe the role Nixon's religion played in his political career. Nixon

s unique and personally tailored brand of evangelical Quakerism stayed hidden when he wanted it to but was on display whenever he felt it might help him advance his career in some way Ingle s unparalleled knowledge of Quakerism enables him to deftly point out how Nixon bent the traditional rules of the religion to suit his needs or in some cases simply ignored them entirely This theme of the constant contradiction between Nixon s actions and his apparent religious beliefs makes Nixon s First Cover up truly a groundbreaking study both in the field of Nixon research as well as the field of the influence of religion on the U S presidency Forty years after Nixon s resignation from office Ingle s work proves there remains much about the thirty seventh president that the American public does not yet know

Getting the books **The Friends Of Richard Nixon** now is not type of challenging means. You could not on your own going as soon as book heap or library or borrowing from your contacts to log on them. This is an unquestionably simple means to specifically get lead by on-line.
