Brexit, President Trump, and the Changing Geopolitics of Eastern Europe Theodor Tudoroiu,2018-04-05 This book analyzes the combined consequences of Brexit and of the new US foreign policy under President Trump on the geopolitical situation of Eastern Europe It perceives the evolution of the East European regional security complex as a struggle between the European Union s Kantian win win geopolitical vision and Russia s neoclassical geopolitics also promoted by President Trump In the most probable scenario the latter approach will have the upper hand The EU s post Brexit control by the Franco German axis will likely be followed by the geopolitical irrelevance of the EU due to the renationalization of member states foreign policy with Germany becoming the main West European actor Consequently Eastern Europe will be turned into the arena of a mainly three cornered neoclassical geopolitics rivalry opposing Russia the Franco German axis and then Germany and the US in alliance with the post Brexit UK and certain East European states The book will appeal to scholars across the fields of International Relations Geopolitics European Studies and Area Studies

Valyayeva,2006-04-01 This is a book about four rural secondary schools of the Republic of Kyrgyzstan a newly independent Central Asian state of the former USSR Utilizing case study methods we describe and discuss how teachers administrators and students are attempting to survive the proclaimed transition to democracy and a market economy within their particular schools and communities We view this work primarily as a cultural study of schools and school life not a work about the national education system There is in fact a growing volume of other writings on issues and problems in education in Central Asia some of which we have ourselves contributed to see DeYoung 2004 Reeves 2004 The focus in this study however involves school individual and group lives and dynamics in and around the four village schools we studied during 2004 and 2005 Two of the four schools are in Chui Oblast one in Naryn Oblast and one in Batken Oblast One Chui school lies within an economically and demographically stable community by

Kyrgyz standards the other school faces more serious economic and migratory issues Our Naryn school is located in an isolated livestock breeding region of Kyrgyzstan high in the Tien Shan mountains near China Finally we describe community and school situations in an agricultural community in the south that is characterized by considerable poverty driven labor migration Our work involved schools in the small town of Shopokov and the villages of Tash Dobo At Bashy and Ak Tatyr These are all actual places on the map of Kyrgyzstan if your map is detailed enough In several cases nearby smaller schools are also discussed as they relate to our primary institutions

A People Who Live Apart Els Van Diggele, 2011-07-27 Since its establishment in 1948 the State of Israel has been torn by a deeply rooted conflict between secular and religious Jews Although this internal culture war has not received the publicity of Israel's violent conflicts with its Arab neighbors it is every bit as serious For it concerns the very nature and identity of the Jewish state and it pits an Orthodox minority who envisions Israel as a religiously conservative theocracy against Jewish secularists who are keen on ensuring that their country becomes a European style democracy Journalist and historian Els van Diggele portrays and analyzes the complexity of this quiet civil war through more than sixty interviews with a wide spectrum of religious and secular Jews as well as lively and penetrating reports of key events that over the past two years have widened the schism Among the principal flashpoints between the two segments of society van Diggele notes the exclusive Orthodox domination in the domains of marriage divorce burial and conversion as well as the jurisdiction of the Supreme Court to rule in religious affairs Exacerbating the problem she points out has been the massive immigration of secular Jews from Russia during the last decade of the 20th century coupled with the emergence of a powerful Orthodox movement This rising Orthodox political and religious force often expresses the longstanding resentment of Israel's underprivileged Sephardic population against the traditional Ashkenazi secular leadership Through interviews with the Ashkenazi chief rabbi members of the Israeli parliament and people from the rank and file such as Yeshiva students and nonkosher butchers she reveals the intensity of feelings on both sides and the intractable nature of this confrontation between two radically different worldviews This nuanced multifaceted portrait is must reading for anyone who wants to understand the State of Israel and the complexity of tensions in the Middle East
