The Future Of Imprisonment Studies In Crime And Justice:

The Future of Imprisonment Michael H. Tonry, 2004 The imprisonment rate in America has grown by a factor of five since 1972 In that time punishment policies have toughened compassion for prisoners has diminished and prisons have gotten worse a stark contrast to the origins of the prison 200 years ago as a humanitarian reform a substitute for capital and corporal punishment and banishment So what went wrong How can prisons be made simultaneously more effective and more humane Who should be sent there in the first place What should happen to them while they are inside When how and under what conditions should they be released The Future of Imprisonment unites some of the leading prisons and penal policy scholars of our time to address these fundamental questions Inspired by the work of Norval Morris the contributors look back to the past twenty five years of penal policy in an effort to look forward to the prison twenty first century future Their essays examine the effects of current high levels of imprisonment on urban neighborhoods and the people who live in them They reveal how current policies came to be as they are and explain the theories of punishment that guide imprisonment decisions Finally the contributors argue for the strategic importance of controls on punishment including imprisonment as a limit on government power chart the rise and fall of efforts to improve conditions inside analyze the theory and practice of prison release and evaluate the tricky science of predicting and preventing recidivism A definitive guide to imprisonment policies for the future this volume convincingly demonstrates how we can prevent crime more effectively at lower economic and human cost

Beyond the Walls of Separation Tobias Brandner, 2013-12-03 Beyond the Walls of Separation is an essential and easy to read guidebook for chaplains and volunteers working in the context of prison and for all those who are professionally or through family links related to those in prison The book tells the story of what life behind bars is and how inmates experience transformation through Christian faith People at the crisis points of their life where they are shattered and where little is left of what made them may experience life as fragile and as a transparent filter for the mysterious Yet they also may experience God's life giving presence Love expressed in forgiveness against all odds against all merits and previous experiences lies at the root of many stories of transformation that emerge from prison The book guides visitors to approach inmates without condescension with an awareness of the social

dimension of power and inequality and with sensitivity to the suffering and alienation that individual prisoners experience The many years of prison ministry in different cultural contexts and with inmates from all nations have taught the author that Christ does not need to be brought to prison through visitors through evangelistic events or through Christian outreach He is already powerfully present in prison **The Future of EU Criminal Justice Policy and Practice** Jannemieke
