The Future Of Tibet The Government In Exile Meets The Challenge Of Democratization:

The Future of Tibet Helen R. Boyd, 2004 This book discusses the emergence of democracy's modernizing force in an exiled community with a political history based on a feudal theocracy Since his exile almost forty years ago the Dalai Lama and his government in exile have steered this fledgling democratic community toward the fulfillment of his dream of converting a theocracy to a democracy The establishment of a tripartite government with separate powers and the development of a framework for a future democratic polity if and when Tibetans regain their land is a testament to the ongoing democratizing revolution

Tibetan Democracy Trine Brox, 2016-06-10 How do you govern 130 000 people from exile Tibet and the struggles of diaspora Tibetans are elements of an ongoing and highly debated issue The Dalai Lama's democratisation process during his time in India from 1959-2011 and the subsequent election of Lobsang Sangay as prime minister in exile marked to the Tibetan people the move away from a seemingly feudal societal structure and traditional theocratic governance Central to these Tibetan democracy aspirations is the freedom struggle in which Tibetans dream of an ideal politics which includes both Tibetans residing in Tibet and those in exile with the ultimate goal of returning to a self ruled Tibet However some have questioned whether the fight for democracy has helped or hindered a united and free Tibet To elucidate this complex debate Trine Brox has undertaken extensive fieldwork investigating how democracy is viewed and practised amongst Tibetans in exile In so doing she explores how the Tibetans living in India imagine, organise and negotiate governance that is modern and democratic but uniquely Tibetan This is an important book for those with an interest in Tibet diaspora communities and democracy

Governing Taiwan and Tibet Baogang He, 2015-07-08 When it comes to talking about democracy in China Chinese nationalists argue that it cannot solve China's problems while Chinese liberals remain unduly silenced But China is facing a national identity crisis compounded by Tibet and Taiwan where significant proportions of both populations do not identify with the Chinese nation state Could democracy realistically address the problems in China's national identity Baogang He opens up a dialogue in which Chinese liberals can offer viable alternatives in defence of key democratic principles and governance He upholds the search for a political space in which democratic governance in China can feasibly be developed

Community: Problems And Prospects Tsewang Rigzin, 2016-01-01 When Tibetan first became refugees they never thought that they would remain refugees for more than half a century and for the unknown future no one can predict how long they still have to wait for their eventual return to Tibet Looking at the current economic and political influence of China on the global stage and the attitude of Chinese leaders regarding Tibet as reflected in the Sixth Work Forum on Tibet it is unlikely that the return will come anytime soon With brief analysis on the past trends and current status of the three pillars of the exile Tibetan establishment i.e. CTA the Settlements and the Educational Centers this book attempts to outline the potential future challenges that the exile Tibetan establishment may face In the process attempts were also made to identify a set of recommendations of approaches strategies and best practices to overcome or mitigate these anticipated risks which will contribute to a more vibrant and self-sustaining exile community till the exile Tibetan's eventual return to Tibet
