The Guardsman:

The Guardsman Richard Nelson, 2016-05-03 Budapest's most beautiful young actress is notorious for affairs that only last six months. When she finally marries, she chooses the city's most handsome and talented young actor. Five and a half months later, suspecting his new wife is getting restless, the actor takes on his most daring role yet: disguising himself as a dashing Emperor's guardsman to test her fidelity and win her love. But the more he woos his wife as this guardsman, the more insanely jealous he gets of the character he feels compelled to play. This new translation by Richard Nelson is sharp, funny, and perhaps calls to mind that other psychodrama about a stormy marriage: Who's Afraid of Virginia Woolf? *Indiana Guardsman*, 1991

Interpretive Reasoning Laurent Stern, 2018-05-31 Laurent Stern here provides a concise account of the difficulties that arise within the interpretive process and in the context of interpretive conflict. Speakers and agents are expected by others to be occasionally insincere. Attempting to be tolerant of alternative interpretations and dealing with the insincerity of others often motivates interpreters themselves to become insincere. Accordingly, moral issues emerge for both speakers and interpreters. Interpretive Reasoning discusses such issues in the literature on interpretation. Stern offers a carefully argued account of the very idea of interpretation. What are the constraints on interpretations? What are our grounds for demanding that others agree with our interpretations? How do we support our interpretations? What are the types of interpretations we encounter? How are problems of first person authority and self knowledge connected with interpreting? While the author argues for interpretations supported by principles rather than by the consensus of interpreters, he also shows that even well supported interpretations may be mistaken and that some interpretive conflicts are interminable. Although this is a book in philosophy, scholars and students in the humanities, the social sciences, and disciplines concerned with interpretive reasoning can read it profitably. *Death Unmasked* Rick Sulik, 2019-06-14 *Death Unmasked* written by a thirty-nine year veteran cop is a suspenseful mystery police thriller spanning lifetimes using karma, psychic ability, remote viewing, and out of body experience to outwit an evil incarnated entity stalking women in Houston, Texas. With each murder, the madman quotes an excerpt from the Oscar Wilde poem *The Ballad of Reading Gaol*. A huge smokestack belching smoke, a ragged flea market double-breasted wool coat, and an old antique picture frame bring the distant past back to haunt Houston. Homicide Detective Sean Jamison. With those catalysts, Jamison knows who he was in a past life and that he lost the only woman he could ever love. Searching for his reincarnated mate becomes Jamison's raison d'être as he and fellow detectives scour Houston for a brutal serial killer. The memory of timeless love drives Jamison's dogged search for a serial killer determined to finish what he started decades earlier. Each clue brings Jamison closer to unmasking his old nemesis. Tenacious police work, lessons learned in the past, and intuition may be the only weapons he has in preventing history from repeating itself. *A Novel of Past Lives: Retribution*
