The Hearts Victory:

The Heart's Victory Nora Roberts, 2006 He was the man she never forgot the wealthy society son she once dreamed about but never dared to love But now that Cynthia Fox aka Foxy was back in town she was forced to confront Lance Matthews and the world she left behind For Lance was still intimately tied to the world of auto racing just as her own daredevil brother was and that scared her more than she cared to admit Foxy had already lost loved ones to tragedy behind the wheel How could she allow herself to fall for Lance who believed risks were meant for the taking Heart's Victory Nora Roberts, 1992

Straight from the Heart Ajaan Mahā Boowa Ñāṇasampanno, This collection of talks was originally given for the benefit of a lay disciple who had come to Ajaan Mah Boowa's monastery to receive his guidance as she faced her approaching death from bone marrow cancer These talks offer important lessons about how to learn from pain illness and death by seeing through to their ultimate nature and detaching the mind from the suffering associated with them *The Heart of a Father* Karl Thompson, 2019-12-31 A book on the heart of a father can be multidimensional The two areas that I will focus on are faith and finances which are key to becoming productive citizens God placed us on earth to occupy and have dominion over it We were created to be citizens of God's kingdom Therefore as believers we have dual citizenship status Despite geographic boundaries we have one common homeland called earth and one common fatherland called heaven Citizenship has responsibilities It requires strong faith in God our creator On earth we are required to carry out responsibilities as part of our dominion mandate We are required to meet our financial responsibilities and respect and love each other That means we must be financially educated We must demonstrate prudent use of the gifts that he has given us and attest to his goodness Man has yet to demonstrate true citizenship

From the Heart Jeffrey L. Kosky, 2025-02-25 What does it mean to have a heart How does it feel when a heart fails and what does it take to recover In a world beset by never ending crises personal and collective local and global is heartlessness the only option From the Heart weaves together a personal narrative of a life threatening ailment with considerations of philosophy art and science to contemplate ultimate questions matters of life and death Jeffrey L. Kosky recounts his brush with death the surgical repair of a congenital defect in his aortic valve his gradual recovery of everyday life and his struggle to find the heart to go on throughout it all To make sense of the experience he immerses himself in humanistic inquiry and medical science the histories of medicine cardiac surgery and knowledge of the human heart as well as the works of artists writers philosophers and theologians Writing about the experience of being human from the precarious position of his own woundedness Kosky shares hard earned perspectives on what matters most Combining moving memoir encounters with major authors and artists and heartfelt reflections on the big questions of existence this elegantly written book is at once erudite and powerful It shows us why the heart in physical emotional and metaphorical senses helps us come to terms with sickness and health dying and living The Law of the Heart Sam B. Girgus, 1979-05-01 The Law of the Heart is a vigorous challenge to the prevailing concept of the antidemocratic

image of the self in the American literary and cultural tradition Sam B Girgus counters this interpretation and attempts to develop a new understanding of democratic individualism and liberal humanism in American literature under the rubric of literary modernism The image of the individual self who retreats inward conforming to a distorted law of the heart emerges from the works of such writers as Cooper and Poe and composer Charles Ives Yet as Girgus shows other American writers relate the idea of the self to reality and culture in a more complex way the self confronts and is reconciled to the paradox of history and reality In Girgus view the tradition of pragmatic humanistic individualism provides a foundation for a future where individual liberty is a major priority He uses literary modernism as a bridge for relating contemporary social conditions to crises of the American self and culture as seen in the works of writers including Emerson Howells Whitman Henry James William James Fitzgerald Bellow and McLuhan

The Heart's Code Paul P.
