Peterson, 2022-06-06 Inner dimensions of consciousness and subtle invisible vibratory fields exist all around us They represent foundational structures of the world James Peterson explores how energies and impulses from these inner realms affect our daily lives From the baraka or spiritual force of great centers of pilgrimage to the radiations of charged drinking water to the work of fairies in the garden he covers a wide and fascinating range of topics At its core this book provides a practical understanding of the effects of unseen energies Whether it's something as simple as wearing a red robe when you're sick to attract energies that can aid in healing or something more complex you'll learn more about what you can't see with the naked eye Get a sweeping understanding of human life the natural world and how everything is connected with *The Hidden Side of Life* *The Dark Side of the Light Chasers* Debbie Ford, 2010-11-02 The bestselling beloved classic on how to go into the dark side of yourself to bring out the light now with new material Debbie Ford believes that we each hold within us a trace of every human characteristic that exists the capacity for every human emotion We are born with the ability to express this entire spectrum of characteristics But Ford points out our families and our society send us strong messages about which ones are good and bad So when certain impulses arise we deny them instead of confronting them giving them a healthy voice then letting them go It is to these feelings that Ford turns our attention these parts of our selves that don't fit the personae we have created for the rest of the world She shows us the effects of living in the dark of keeping all our supposedly unsavory impulses under wraps We find ourselves disproportionately frustrated and angry at the selfishness of friends the laziness of colleagues the arrogance of siblings When we are unable to reconcile similar impulses in ourselves Ford explains we waste our own energy judging others instead of empathizing But most important we deny ourselves the power and freedom of living authentically Through the stories and exercises in *The Dark Side of the Light Chasers* Debbie Ford shows us not only how to recognize our hidden emotions but also how to find the gifts they offer us This is for fans of Marianne Williamson Neale Donald Walsch and Deepak Chopra The very impulses we most fear may be the key to what is lacking in our lives **Shadow Work Book 2: Facing & Embracing the Dark Side of Your Soul** Kelly Wallace, 2021-10-20 Where there's light there are shadows Turning your back on your shadow doesn't make it disappear It's still there and always will be because it's part of you It's far better to face it and embrace it In doing so you'll find the happiness power and success you've been searching for This is my second book on shadow work and within these pages we'll

dig in deeper cover more ground and do more work that leads to ultimate healing and freedom I ll show you how to view your shadow traits differently integrate them and use them as a powerful force that can help you in life rather than holding you back It s not about fixing what s broken but shedding light on those dark parts and understanding every aspect of who you truly are Eventually by accepting those less than perfect aspects of your personality you ll be living life as your authentic self And let me tell you it feels amazing I ll be honest shadow work is not easy nor is it an overnight fix Many people give up far too soon After all it can be overwhelming when faced with all of your demons and dirty laundry so to speak That s why I wrote these books I don t want you to go down this road alone I ve been doing my own shadow work for a long time now and have helped many clients through their journey as well Let me walk with you as you face and embrace your shadows
