Dear Friend,

Every year we try to make the components of The Far Side Off-The-Wall Calendar as environmentally friendly as we can. As the technology for recycling materials has grown, we've tried to incorporate the latest and most efficient methods. For the second year in a row, we're using a new plastic backer that is manufactured from 100% post-consumer products and can be recycled as a *rigid plastic*. The same as your two-liter soft-drink bottles. Also, we've coated the coating from the surface of the ink to the paper fibers, so it's retained more easily. (That's why it's not so shiny.)

Thanks,

*Gary Larson*
