discovered numerous creative variations of Bennett s work as it was implemented in their classrooms While there are many professional books that provide ideas on collaborative learning and creative teaching approaches there is very little published research on the efficacy of these concepts in the K 12 classroom These inquiries provide practical insights into how inspired teachers can conduct research on improving their own practice as well as on greatly improving their students learning Thus this book has widespread interest for teachers and administrators who seek to implement systemic changes in the ways that teachers teach and children learn in the 21st century *The Educational Times, and Journal of the College of Preceptors* ,1913 English Journal ,1985 *Normal Instructor and Teachers World* ,1928 **Power Practice: Traits of Good Writing, Gr. 6-8, eBook** Carla Hamaguchi,2004-09-01 Offers exercises for brainstorming main ideas and details using descriptive words sequencing recognizing cause and effect and using correct punctuation
