Thomson, 1990 *North American Fiddle Music* Drew Beisswenger, 2011-05-31 *North American Fiddle Music* A Research and Information Guide is the first large scale annotated bibliography and research guide on the fiddle traditions of the United States and Canada These countries both of which have large immigrant populations as well as Native populations have maintained fiddle traditions that while sometimes faithful to old world or Native styles often feature blended elements from various traditions Therefore researchers of the fiddle traditions in these two countries can not only explore elements of fiddling practices drawn from various regions of the world but also look at how different fiddle traditions can interact and change In addition to including short essays and listings of resources about

the full range of fiddle traditions in those two countries it also discusses selected resources about fiddle traditions in other countries that have influenced the traditions in the United States and Canada [The Fiddler of Driskill Hill](#) David Middleton,2013-10-07 Deeply rooted in personal and regional history David Middleton's *The Fiddler of Driskill Hill* celebrates a particular place and the universal human experience While evoking distinctive Louisiana landscapes both north and south these poems address the great philosophical and theological questions of the ages In the title poem a mysterious fiddler climbs Driskill Hill the highest point of elevation in Louisiana under the cover of darkness to practice his craft I sing what is and ought to be And will until I die For that's what bow and strings are for To raise things up in song Between The Fall and Paradise And urge the world along Other poems contemplate loneliness and loss a father mourning the death of his ten year old daughter a soldier's recollections of war and a woman who in bidding farewell to the only home she and her husband ever owned says that she Must walk one final time these rooms I share With ghosts that speak and breathe in memory's breathless air This collection reflects on the agrarian way of life southern historical events family racial reconciliation the relation between language and things becoming and being a poet and the experience of tragedy death and love *A Folk Musician's Working Guide to Chords, Keys, Scales and More* Ryan J. Seeger's letters, notes, published articles, rough drafts, stories, and poetry creating the most intimate picture yet available of Seeger as a musician, an activist, and a family man. The book covers the passions, personalities, and experiences of a lifetime of struggle from the pre-WWII labour movement and the Communist Party to Woody Guthrie, the Civil Rights movement, and the struggle against the war in Vietnam. The portrait that emerges is not of a saint but a flesh and blood man struggling to understand his time and his place. **Esquire**, 1939
