Project Jennifer G. Spencer,2025-07-30 After five years absence from San Diego s art community Jennifer G Spencer returned and began to photograph the artists she became acquainted with during her thirteen year stint as an executive director of a visual arts organization a project that became a ten year journey In The Artist Portrait Project Spencer reveals the results of her adventure in portraiture after her retirement and shares how this endeavor enlightened and shaped her opinion of these fifty artists and her art community Engaging and visually stunning The Artist Portrait Project is a book about self discovery and the persistence of the creative spirit *F.H. unique among the members of the Group of Seven One of the greatest Canadian portraitists of the twentieth century he is an

intriguing example of an artist who despite his fame as a portrait painter remains better known for his landscapes This is due mainly to his position as one of the founding members of the Group of Seven and their deliberate attempt to raise awareness of our national identity by depicting the Canadian landscape Even though many public collections across the country including the National Gallery of Canada the Art Gallery of Ontario and the Vancouver Art Gallery display some of Varley s best known portraits these works do not easily fit into the conventional mould of the Group of Seven Nearly four decades after his death Varley s portraits are still not fully acknowledged The release of this beautifully illustrated bilingual volume coincides with the opening of an unprecedented exhibition of his portraiture **Curiosities of Literature ...
