Moche Fineline Painting From San Jose De Moro Christopher B. Donnan,Donald McClelland,Donna McClelland,2007-12-31 Moche civilization flourished on the north coast of Peru from AD 200 to 800 Although the Moche had no writing system they left a vivid artistic record of their beliefs and activities on intricately painted ceramic vessels several thousand of which are scattered in museums and private collections throughout the world today Unfortunately nearly all were looted by grave robbers so their origin and context are unknown In recent years however through a combination of archaeological excavation and stylistic analysis it has been possible to identify more than 250 painted vessels from the site of San Jose de Moro To date this is the largest sample of Moche art from a single place and time Thus it provides a unique opportunity to identify a distinct sub style of Moche ceramics and to assess its range of artistic and technological variation Moreover within the sample it is possible to identify multiple paintings by 18 different artists thus elucidating the range of subject matter that an artist would paint as well as the variation in the way he would portray the same scene By discussing and illustrating more than 200 painted vessels from San Jose de Moro this volume provides insights about a community of ancient Peruvian potters who shared a distinctive painting style and left a fascinating record of their achievement

The Fine Line Emily Chesshire Thompson,2013-02-20 Maggie expected what anyone would expect the moment she stepped into an all male Mexican prison filth crude stares unmentionable hollers evil of every kind Instead she finds her heart captured by a world where time expands moments into hours where hope somehow lives among

the hopeless in a world where she cant help but see through harsh exteriors and into souls Compelled by her faith Maggie crosses the fine line and enters the desolate prison yards where men roam freely guards stand casually and the lives of the unworthy are lived Free of fear Maggie embraces the unembraced loves the unloved and relies on God But what happens when faith doesnt overcome evil What happens when you throw yourself into a prison What happens when the fine line begins to emerge

The book combines advice from dozens of parents and teens with a wealth of recommended sources including links to many online support systems. All of the key debates that parents are having with their wired teens are discussed including Fun vs Obsession, Sharing vs Indiscretion, Forging an Identity vs Performing for an Audience, Real Friends vs Virtual Friends, Sexual Well Being vs Sexual Health, Privacy vs Anonymity, Education vs Entertainment, Your Teen's Issues vs Your Own Issues. By recounting stories from families who've been there and providing practical tips, the book shores up parents' confidence and gives parents the tools they need to raise today's teens. Green emphasizes the critical role for parents in mediating their teens' experiences with both the digital and the real world. While the book is unflinching in acknowledging the trials that parents face today, it supports the author's optimism that parents are not only capable of doing a good job, they can have fun along the way.
