

The Birth of the Blues

or how the original
Shrink-to-Fit jean was
born - & all that jazz

1 Here is the man (Levi Strauss) who in 1850 made the first jeans (jeans of Levi's). From tough cotton sewing, He chose those indigo blues. Give them a button fly. And vo, the original shrink-to-fit blue Levi's jeans, with the unique button fly was born.

3 Here is Aladdin Khan, a man whose pockets kept sagging under the strain of "copper, silver & gold shovels". Levi's men had the problem solved up, with copper rivets. That is how the original shrink-to-fit blue jeans came to have the original copper riveted pockets.

5 Here is the leather patch with Levi's name and famous "two horse" logo. Today it goes on the right leg of every pair of original shrink-to-fit blue jeans with the button fly and copper riveted pockets.

2 Here are Levi's first customers - San Francisco gold miners who needed tough pants like they needed a hot bath after a week in the shiggins. They got them with the original shrink-to-fit blue jeans with the unique button fly.

4 Here is the incredible tension test that Levi devised to show just how tough the original shrink-to-fit blue jeans with copper riveted pockets really were. Wild horses couldn't tear them apart.

6 Levi's are made shrink-to-fit because originally they were made of cotton (or denim for the math or math). Check the guide to make sure that your blue Levi's will shrink to fit... unless the more you wash them, the more they wear you!

Blue Jeans Daniel Miller, Sophie Woodward, 2012-02-01 This fresh and accessible

ethnography offers a new vision of how society might cohere in the face of on going global displacement dislocation and migration Drawing from intensive fieldwork in a highly diverse North London neighborhood Daniel Miller and Sophie Woodward focus on an everyday item blue jeans to learn what one simple article of clothing can tell us about our individual and social lives and challenging by extension the foundational anthropological presumption of the normative Miller and Woodward argue that blue jeans do not always represent social and cultural difference from gender and wealth to style and circumstance Instead they find that jeans allow individuals to inhabit what the authors term the ordinary Miller and Woodward demonstrate that the emphasis on becoming ordinary is important for immigrants and the population of North London more generally and they call into question foundational principles behind anthropology sociology and philosophy

Narrative Economics Robert J.
