The Borders of Chinese Architecture Nancy Shatzman Steinhardt, 2022-01-11 An internationally acclaimed expert explains why Chinese style architecture has remained so consistent for two thousand years no matter where it is built For the last two millennia an overwhelming number of Chinese buildings have been elevated on platforms supported by pillars and covered by ceramic tile roofs Less obvious features like the brackets connecting the pillars to roof frames also have been remarkably constant What makes the shared features more significant however is that they are present in Buddhist Daoist Confucian and Islamic milieus residential funerary and garden structures in Japan Korea Mongolia and elsewhere How did Chinese style architecture maintain such standardization for so long even beyond China's borders Nancy Shatzman Steinhardt examines the essential features of Chinese architecture and its global transmission and translation from the predynastic age to the eighteenth century Across myriad political social and cultural contexts within

China and throughout East Asia certain design and construction principles endured Builders never abandoned perishable wood in favor of more permanent building materials even though Chinese engineers knew how to make brick and stone structures in the last millennium BCE Chinese architecture the world over is also distinctive in that it was invariably accomplished by anonymous craftsmen And Chinese buildings held consistently to the plan of the four sided enclosure which both afforded privacy and differentiated sacred interior space from an exterior understood as the sphere of profane activity Finally Chinese style buildings have always and everywhere been organized along straight lines Taking note of these and other fascinating uniformities *The Borders of Chinese Architecture* offers an accessible and authoritative overview of a tradition studiously preserved across time and space

Shanghai Stephen Grace,2010-07-16 Shanghai is the most modern and dynamic city in China In preparation for hosting the World Expo 2010 a World s Fair in the grand tradition of international fairs and expositions the megalopolis embarked on an overhaul to transform itself from the Pearl of the Orient into the City of the Future Here the world s tallest buildings soar the planet s longest bridges span toxic waterways and the fastest train on earth rockets the city from its storied past toward a future that seems by turns either as bright or as hideous as the lights that set the hazy sky aglow each night At a time when interest in China has seen a sharp increase that shows no signs of abating *Shanghai* places China s development and its effects on the world into context by explaining how the country arrived where it is today and why it is building massive infrastructure projects with tremendous social and environmental impact *Shanghai* provides an intimate look inside a mega city heaving with change and offers essential insight into the challenges of remaining human in an increasingly urbanized world

Ancient China Dale Anderson,2005-08-04 Learn about the ancient Chinese by examining the art they created This title examines what their art reveals about their history and simultaneously how history explains the art It explores the Chinese civilization through both the images it produced and cultural artifacts that remain The title focuses on how art and architecture from a distinct period reflect life at the time and how we can use the surviving art to understand how people used to live
