The Formation Of Modern Lebanon:

The Formation of Modern Lebanon Meir Zamir, 2025-05-01 The Formation of Modern Lebanon 1985 examines the critical period around the 1920 establishment of Greater Lebanon and its impact on the political development of the country. It examines the ramifications of the annexation of the coastal region and the Beqaa valley with their mainly Muslim populations to Mount Lebanon with its Maronite Christian population. This act had far-reaching consequences for the development of Lebanon whose subsequent history has been dominated by political, social, cultural, and economic conflicts between Christians and Muslims. The book surveys the emergence of the special Lebanese Christian entity and its transformation into a national movement and analyses the factors behind the French decision to establish Greater Lebanon. This decision is set in the general context of French policy in the Levant and Franco-British rivalry in the Middle East. It also analyses the demographic and political structure of the new state and traces its political development during the first years of statehood. The book argues that the roots of all the subsequent tension between Christians and Muslims in Lebanon and between Lebanon and the Arab Muslim world can be traced back to the very creation of modern Lebanon. The Formation of Modern Lebanon Meir Zamir, 1988 *The Formation of Modern Lebanon, 1918-1926* M. Zamir, 1980 *A History of Modern Lebanon* Fawwaz Traboulsi, 2012-06-14 This is the first history of Lebanon from the Ottoman Empire to the modern period. Based on previously inaccessible archives, it is a fascinating account of one of the world's most fabled countries. Starting with the formation of Ottoman Lebanon in the 16th century, Traboulsi covers the growth of Beirut as a capital for trade and culture through the 19th century, its independence and experiences as a republic before moving onward to Lebanon's development in the late 20th century and the conflicts that led up to the major wars in the 1970s and 1980s and beyond. This is a stunning history of Lebanon over five centuries, bringing to life its politics, its people, and the crucial role that it has always played in world affairs.

The Formation of Modern Iraq and Syria Eliezer Tauber, 2013-09-13 This volume examines the impact of clandestine and overt political organizations in Syria, Lebanon, Palestine, and Iraq after World War I. It analyzes Amir Faysal's short-lived state, post-war Syria, relations between Syrians, Iraqis, and Palestinians, and nationalist activity within Iraq.

The French Empire Between the Wars Martin Thomas, 2005 The French empire between the wars is the first study of the French colonial empire at its height in the twenty years following the First World War. Based on extensive archival research, it addresses current debates about French methods of rule and their impact on colonial peoples, the origins of decolonisation, and the role of popular imperialism in French society and culture. By considering the distinctiveness of the inter-war years as a discrete period of colonial change, this book addresses several larger issues, such as tracing the origins of decolonisation, the rise of colonial nationalism, and a re-assessment of the impact of inter-war colonial rebellions in Africa, Syria, and Indochina. The book also connects French theories of colonial governance to the lived experience of colonial rule in a period scarred by war and economic dislocation. The author analyses colonial decision-making

in Paris and the renewed threat of global war as well as colonial economic conditions and forms of discrimination in the empire to illustrate the process of French imperial decline **Syria and Lebanon Under the French Mandate** Idir Ouahes, 2018-07-30 French rule over Syria and Lebanon was premised on a vision of a special French protectorate established through centuries of cultural activity archaeological educational and charitable Initial French methods of organising and supervising cultural activity sought to embrace this vision and to implement it in the exploitation of antiquities the management and promotion of cultural heritage the organisation of education and the control of public opinion among the literate classes However an examination of the first five years of the League of Nations assigned mandate 1920 1925 reveals that French expectations of a protectorate were quickly dashed by widespread resistance to their cultural policies not simply among Arabists but also among minority groups initially expected to be loyal to the French The violence of imposing the mandate de facto starting with a landing of French troops in the Lebanese and Syrian coast in 1919 and followed by extension to the Syrian interior in 1920 was met by consistent violent revolt Examining the role of cultural institutions reveals less violent yet similarly consistent contestation of the French mandate The political discourses emerging after World War I fostered expectations of European tutelages that prepared local peoples for autonomy and independence Yet even among the most Francophile of stakeholders the unfolding of the first years of French rule brought forth entirely different events and methods In this book Idir Ouahes provides an in depth analysis of the shifts in discourses attitudes and activities unfolding in French and locally organised institutions such as schools museums and newspapers revealing how local resistance put pressure on cultural activity in the early years of the French mandate **The Making Of Modern Lebanon** Helena Cobban, 2019-09-10 This book provides a vivid and readable account of Lebanon's development since its first emergence in 1585 unravelling the intricacies of the sectarian religious groups and the special kinds of communities which have sunk 900 year old roots in the remote fastnesses of the Mount Lebanon interior **War and Intervention in Lebanon (Routledge Revivals)** Yair Evron, 2013-10-14 Despite the bitter conflict that divided Jerusalem and Damascus a fascinating process of indirect through the United States and tacit understandings emerged with regard to Lebanon in the 1970s This derived largely from the Israeli deterrence posture which held in check Syrian military involvement in Lebanon This book first published in 1987 traces the development of the Israeli and Syrian involvement in Lebanon between 1975 and 1985 and of the deterrence dialogue which evolved between them It also places this dialogue within the larger context of the overall Israeli Syrian deterrence equation War and Intervention in Lebanon is a fascinating and relevant work of great value to those with an interest in International Relations and Middle Eastern history politics and diplomacy **Lebanon** Tom Najem, 2012-03-12 Written in a clear and systematic manner this highly topical read fills a conspicuous gap in existing academic literature on the contemporary political environment and society in Lebanon Divided into two parts Part One examines the pre civil war system the circumstances of its formation its unique characteristics its weaknesses and dynamics

and Part Two analyses how circumstances resulting from the civil war combined with essential pre war elements to define the contemporary political processes in Lebanon

The Origins of the Lebanese National Idea Carol Hakim,2013-01-19 In this fascinating study Carol Hakim presents a new and original narrative on the origins of the Lebanese national idea Hakim s study reconsiders conventional accounts that locate the origins of Lebanese nationalism in a distant legendary past and then trace its evolution in a linear and gradual manner She argues that while some of the ideas and historical myths at the core of Lebanese nationalism appeared by the mid nineteenth century a coherent popular nationalist ideology and movement emerged only with the establishment of the Lebanese state in 1920 Hakim reconstructs the complex process that led to the appearance of fluid national ideals among members of the clerical and secular Lebanese elite and follows the fluctuations and variations of these ideals up until the establishment of a Lebanese state The book is an essential read for anyone interested in the evolution of nationalism in the Middle East and beyond

State Expansion and Conflict Oren Barak,2017-09-28 A detailed comparison of Lebanon and Israel Palestine two expanded states which have experienced conflict and stability domestically and in their mutual relations

The Druze Community and the Lebanese State Yusri Hazran,2014-07-11 One of the fundamental questions of Middle Eastern and Lebanese studies in particular is the history of the relationship between the Druze community and the state in modern Lebanon Arguing that the Druze community has been politically alienated from the Lebanese state this book explores the historical and political origins of this alienation The Druze Community and the Lebanese State contends that the origins of this alienation lie in the state s national ideology its political confessional system and the Druze s historical background during the medieval period Moreover this book examines the extent to which the Druze s attitude vis vis the Lebanese state has been influenced by their historical rivalry with the Maronites Particular emphasis is placed on the political and ideological practices adopted by the Druze leadership and intelligentsia as they dealt with the changes taking place in their community s political status following the political settlements of 1920 and 1943 the establishment of Greater Lebanon and the National Pact respectively A welcome addition to existing literature on Lebanon this book will be an essential reference tool for students and researchers with an interest in nationalism identity and Middle East Politics more broadly

Annotated bibliographies are vastly expanded, providing nothing short of the best list of research references for each country.

Western Imperialism in the Middle East 1914-1958 D. K. Fieldhouse, 2006-04-06. The term Fertile Crescent is commonly used as shorthand for the group of territories extending around the Rivers Tigris and Euphrates. Here it is assumed to consist of Syria, Lebanon, Jordan, Iraq, and Palestine. Much has been written on the history of these countries, which were taken from the Ottoman empire after 1918 and became Mandates under the League of Nations. For the most part, the histories of these countries have been handled either individually or as part of the history of Britain or France. In the first instance, the emphasis has normally been on the development of nationalism and local resistance to alien control in a particular territory, leading to the modern successor state. In the second, most studies have concentrated separately on how either France or Britain handled the great problems they inherited, seldom comparing their strategies. The aim of this book is to see the region as a whole and from both the European and indigenous points of view. The central argument is that the mandate system failed in its stated purpose of establishing stable democratic states out of what had been provinces or parts of provinces within the Ottoman empire. Rather, it generated basically unstable polities, and in the special case of Palestine, one totally unresolved and possibly unsolvable conflict. The result was to leave the Middle East as perhaps the most volatile part of the world in the later twentieth century and beyond. The main purpose of the book is to examine why this was so.

The Politics of National Celebrations in the Arab Middle East Elie Podeh, 2011-06-30. The first systematic study of the role of celebrations and public holidays in the Arab Middle East.

Lebanon after the Syrian Withdrawal Ohannes Geukjian, 2016-11-10. Lebanon experienced serious instability and ethno-national conflict following the Syrian withdrawal in

2005 compounded by the Arab Spring which led to regional instability and civil war in Iraq and Syria Why did consociational democracy fail Was failure inevitable What impact could external powers play in creating an environment where consociationalism might be successfully implemented This book addresses these key questions and provides a comprehensive analysis of how internal and external elite relations influence the chances of a successful regulation of ethno national conflict through power sharing Exploring the roles played by Syria Qatar Iran Saudi Arabia the United States and France it argues that external actors in the Lebanese conflict largely determined whether power sharing was successfully established and shows that the consociational democratic model cannot provide long term conflict regulation in their absence The author argues that relationships between internal and external actors determine the prospects for successful conflict regulation and pinpoints the crucial role of the external forces in the creation of power sharing agreements in Lebanon concluding that future success is dependent on the maintenance of positive exogenous pressures This book will be of key interest to students and scholars studying politics international relations and Middle East studies

Shaping Lebanon's Borderlands Daniel Meier, 2015-12-10 Regional struggles wars and local confrontations have marked the south of Lebanon since the end of the 1960s They have transformed this marginalized and rural region into a battlefield and redefined the relationships between international regional and local actors The most recent of these actors the Palestinian refugees and their armed resistance the Islamic Shi i movement Hizbullah and the UN local mission UNIFIL have marked and shaped the place and in turn operating in this borderland has affected their identities Based on Daniel Meier s extensive fieldwork in the region this book offers interviews with militants his own observations of this conflict ridden and dangerous region as well as incisive political analysis concerning the armed militias operating in the area It is through this in depth examination of the southern borderlands of Lebanon that Meier sheds new light on some of the major Middle Eastern confrontations of the last half a century
