Mostow, 1996-10-01 This book provides for the first time in English the kind of information that allows an accurate appreciation of the meanings and quality of Japanese poems Mostow's reception oriented approach in this poem by poem discussion inspires an excellent essay on the history of English translations of this collection Choice Joshua Mostow offers a brilliant and multifaceted exploration of Japanese poetics through translations commentaries and both literary and visual readings of the most influential of all poem anthologies This book penetrates to the heart of traditional Japanese aesthetics Stephen Addiss University of Richmond a rigorous and engaging study of an extremely important Japanese text It is filled with information and shows a real appreciation for the often unarticulated assumptions that lay behind certain understandings both Japanese and Western concerning meaning and significance in a work of literature The study breaks still further ground by articulating and in the most persuasive fashion issues relating to text and image that are central to the Japanese arts in virtually all periods Professor Mostow has written a book that should interest not only specialists in the fields of Japanese literature and fine arts but virtually anyone who enjoys reading poetry in an active and thoughtful fashion J Thomas Rimer University of Pittsburgh      The Cambridge Global History of Fashion: Volume 1 Christopher Breward, Beverly Lemire, Giorgio Riello, 2023-08-17 Explores how the long history of fashion from antiquity to c 1800 created global networks and animated world communities      **Bulletin** Östasiatiska

Phillips,2000 This book attempts to expand the grounds and methodology of studying Japanese art history by focusing on the conditions procedures events and social interplay that characterized the production of paintings in late fifteenth century Japan Though the book s ultimate concerns are art historical its analysis also draws heavily from the insights of sociology and social history At its core is a fresh examination of the major primary documents of the period in an attempt to liberate the study from assumptions long embedded in the historiography of late medieval Japanese painting history Early chapters describe documents methods basic sites and conditions of painting before turning to the main contribution of the book painting considered as a body of social practices The production of painting in the late fifteenth century was profoundly social dynamically related to the circumstances of its agents Painters advisors assistants clients and others did not exert themselves simply to bring paintings into existence They sought advantages such as wealth and prestige met obligations and satisfied the demands of custom Surviving documents from the period present rich evidence of the involvement of such persons in the imperial court the Ashikaya Gozan community the great temples of Nara and the halls of local lords The author takes into account the patterns of expectation that existed at the various sites but does not construe them as static and mechanically determined Rather he shows that expectations evolved in response to changed conditions Although this study specifically addresses the last quarter of the fifteenth century it can aid future research in Japanese painting practice in other eras by serving as a model of how new interpretations can emerge from close documentary investigation      Collecting Japanese Antiques Alistair Seton,2012-06-26 Collecting Japanese Antiques is an excellent overview of the uniquely Japanese aesthetic and how it relates to Japanese culture From the time Japan started trading with the West in the sixteenth century Japanese arts and crafts have intrigued and delighted Westerners especially lacquer screens swords and porcelain Antique hunters will benefit from the practical and cautionary advice in this book newcomers will appreciate information on the basics of collecting Japanese antiques while other sections might reawaken interest in experienced collectors Striking photographs throughout make this art and antiques book a must for collectors and lovers of Japanese art Chapters include Japan s Art Heritage Collecting for Fun and with Wisdom Screens and Scrolls Ukiyo e and Other Prints Sagemono Ceramics Furniture Textiles Lacquerware Cloisonne Sculpture and Metalwork Swords and Armor Tea Ceremony Utensils Dolls Flower Baskets      **An Index of Early Chinese Painters and Paintings** James Cahill,James

**Ogata Kōrin** Frank Feltens, 2021-01-01 A lush portrait introducing one of the most important Japanese artists of the Edo period Best known for his paintings *Irises and Red and White Plum Blossoms* Ogata K rin 1658 1716 was a highly successful artist who worked in many genres and media including hanging scrolls screen paintings fan paintings lacquer textiles and ceramics Combining archival research social history and visual analysis Frank Feltens situates K rin within the broader art culture of early modern Japan He shows how financial pressures client preferences and the impulse toward personal branding in a competitive field shaped K rin's approach to art making throughout his career Feltens also offers a keen visual reading of the artist's work highlighting the ways K rin's artistic innovations succeeded across media such as his introduction of painterly techniques into lacquer design and his creation of ceramics that mimicked the appearance of ink paintings This book the first major study of K rin in English

provides an intimate and thought provoking portrait of one of Japan's most significant artists      *Collecting and Displaying China's "Summer Palace" in the West* Louise Tythacott, 2017-10-25 In October 1860 at the culmination of the Second Opium War British and French troops looted and destroyed one of the most important palace complexes in imperial China the Yuanmingyuan Known in the West as the Summer Palace this site consisted of thousands of buildings housing a vast art collection It is estimated that over a million objects may have been taken from the palaces in the Yuanmingyuan and many of these are now scattered around the world in private collections and public museums With contributions from leading specialists this is the first book to focus on the collecting and display of Summer Palace material over the past 150 years in museums in Britain and France It examines the way museums placed their own cultural political and aesthetic concerns upon Yuanmingyuan material and how displays especially those at the Royal Engineers Museum in Kent the National Museum of Scotland and the Musée Chinois at the Château de Fontainebleau tell us more about European representations and images of China than they do about the Yuanmingyuan itself      **"Life Stories of Women Artists, 1550-1800"** Julia K. Dabbs, 2017-07-05 The struggles and achievements of forty six notable women artists of the early modern period as documented by their contemporaries are uniquely brought together in this anthology The life stories presented here are foundational texts for the history of art but since most are found only in rare volumes and few have been translated into English until now they have been generally inaccessible to many scholars Originally published in biographical compendia such as Vasari's *Lives of the Artists* the writings included here document not only the lives of relatively well known women artists such as Artemisia Gentileschi and Sofonisba Anguissola but also those who have languished in obscurity like Anna Waser and Li Yin Each life story is preceded by a brief introduction to the artist as well as to her biographer and the texts themselves are annotated to provide necessary clarification Beyond their documentary value these stories provide fascinating insight as to how men commonly characterized women artists as exceptions to their sex and attempted to explain their presence in the male dominated realm of art The introductory chapter to the book explores this intriguing gender dynamic and elucidates some of the strategies and historical context that factored into the composition of these lives The volume includes an appended index to women artists life stories in biographical compendia of the period      **Of Water and Ink** Akiyoshi Watanabe, Hiroshi Kanazawa, H. Paul Varley, Cynthia Jo Fogliatti, 1986
