**The French Revolution, 1788-1792 ... Translated ... by I.M. Rawson** Gaetano SALVEMINI, Ivy Marion RAWSON, 1954 **La Rivoluzione Francese. The French Revolution. 1788-1792. Translated ... by I.M. Rawson** Gaetano SALVEMINI, Ivy Marion RAWSON, 1963 **The French Revolution** Albert Goodwin, 2016-06-10 Originally published in 1956 this masterly essay weaves together the results of research with an independence of judgement which could only come from a long established expert in the field of Revolutionary studies The book examines the causes of the French Revolution and the economics involved in the weakness of France's pre revolutionary form of government as well as the administrative complexity which was an effective stumbling block in the way of monarchy As well as charting key events in the revolution the conclusion discusses the significance of the French Revolution in the context of other revolutions in both the nineteenth and twentieth centuries *Routledge Library Editions: The French Revolution* Various Authors, 2022-07-30 The volumes in this set originally published between 1953 and 1992 discuss the causes and conditions which allowed the French Revolution to happen and its impact on wider European politics and society As well as charting key events in the revolution the conclusion discusses the significance of the French Revolution in the context of other revolutions in both the nineteenth and twentieth centuries One of the volumes discusses whether the French Revolution is part of Germany's progressive tradition whilst others trace the growth of English radicalism and the growth of the French Press showing the importance of the emergence of provincial newspapers and examining the relationship of journalism with political power Military Forces of France John C. Cornelius, 1977 **The French Revolution** R. Ben Jones, 1968 **The French Revolution** D. I. Wright, Don Wright, 1974 **The Military Forces of France** John C. Cornelius, Richard J. Sommers, Michael Winey, 1977 *The Era of the French Revolution* Ronald J. Caldwell, 1985 Special Bibliographic Series US Army Military History Research Collection, 1976 Special Bibliography US Army Military History Institute, 1977 **The French Revolution, 1788-1792**, 1969 The French Revolution, 1788-1792 Prof. Gaetano Salvemini, 2018-03-12 The first English translation of what has long been considered a classic in Europe it is easy to see why the work has been held in such esteem abroad The New Yorker THE word revolution may mean either the forcible overthrow of an established social or political order or any great change brought about in a pre existing situation even slowly and without violence The word can be used in both senses for the upheaval that took place in France towards the end of the eighteenth century In so far as it consisted in the violent destruction of the feudal and monarchical regime the French Revolution may be said to have come to an end on September 21st 1792 when the monarchy was formally abolished But as the creation of a new social and political order it continued until the coup d'état of Brumaire indeed up to the time of the Consulate for Life when nineteenth century France appeared finally constituted This book is concerned with the French Revolution as understood in the first sense Its aim is to explain why and in what way the feudal monarchy was destroyed In this endeavour it has been necessary

to present the four revolutionary years in relation to a complex system of cause and effect the origins of which must be traced to former times often centuries before the Revolution itself A considerable part of the book therefore is devoted to social conditions ideas and events chronologically remote from but logically bound up with the revolutionary period The author's aim has been not to bring new facts to light but simply to put before his readers in a rapid synthesis the conclusions he has reached in the course of extensive study of the subject
