

Frequencies

*Wave particle duality harmonic,
electromagnetic mean ratio subsonic.
Cohorts gravity gleaming in purple gold,
light forces and its tenacious sensuous fold.
Purring cat in transcendent stage on my chest,
the eyes of the sleeper gently suggest.
Heart by knowledge heaved now in still,
spheres of the free flowing will.
Your smiling eyes in mental frame,
changing perception never anymore the same.
Memories in subtle dance unconfined,
desires in simple pleasures all sleep denied.
To chase the glowing hours with every nuance,
sensing woven dreams by reason outrance.
Lingering like the perfect day lone night,
stimulated images is the love story all right.
The unbodied joy and its spiral fire,
like forming galaxies and its spectrum to admire.
By brilliant dark white dawn clear,
hardly to see but feeling it is there.
Frequencies the sustaining earth and air,
morning rains out its beams leaving no one spare.
Presence as conducting vibrating molecule,
freewill and loving soul choice secret hour to renew.*

The Frequencies A Poem:

The Frequencies Noah Eli Gordon, 2003 Poetry Noah Eli Gordon can spin scratch sample and dub to mix a sound all his own THE FREQUENCIES tunes in desire poetry static and laughter all the while broadcasting with the intensity and joy of first things Peter Gizzi This is the new music listen to it Lisa Jarnot *Frequencies* Gwen Head, 1992 **TIMELESS FREQUENCY - THE QUANTUM POET** JULIAN MONES CAZON, Begin a profound and revealing journey that explores the very essence of the human experience This book Timeless Frequency takes you into a world where the boundaries of conventional perception are blurred and reality takes on a whole new form You will be immersed in a dimension where the power between the mind and the cosmos is blurred and where the ideas we explore can transform the reality we experience on this plane The plot develops around a unique philosophical perspective the human projection into the very fabric of the Timeless Frequency discover the energetic substance of frequencies that not only shapes our perception but also forms the very foundation of our reality Through deep dialogues and challenging reflections the author unravels the secrets of this multidimensional reality exploring how our minds influence and are influenced by this invisible web of connections The narrative delves into the depths of philosophy and metaphysics exploring concepts such as the nature of time the construction of thought and the relationship between the mind and the universe As the author explains the mysteries behind the constructive initiative of thought readers are dragged into a whirlwind of ideas that defy traditional convention where the timelessness of chronos at the very foundations of reality is questioned Throughout Timeless Frequency the pages fill with eye opening encounters moments of epiphany and gripping philosophical debates that weave a tapestry of knowledge and wisdom This book invites you to question your entrenched perceptions and beliefs to expand your mental horizons and to consider new possibilities about the natural connection of existence Ultimately Timeless Frequency is much more than an intangible combination is an intellectual experience that challenges enlightens and leads readers to explore the very limits of the human mind and its connection to the universe The book reveals the spiritual key that has allowed us to recover our spiritual potential Timeless Frequency is composed of a history of studies in the scientific area of internal activation All the experiences of Timeless Frequency are magnificent they endorse this new work Where the activation and connection are the consequence of a transcendental heritage revealed today This world can be changed We must understand that our identity is perfect that we have the possibility of recovering and developing the best of us Knowing yourself from the beginning is the great key that returns to being your identity and your ability to reverse any situation *Frequencies* Gwen Head, 1992-01-01

The Colours the Words Cast Christopher Butler, Anne-Marie Simon-Vandenberg, 2025-08-29 This book examines the use of colour terms in the poetry of Dylan Thomas adopting a primarily linguistic and stylistic rather than literary approach Although critical studies of the poetry of Dylan Thomas abound systematic and detailed linguistic studies of his poems are relatively rare The authors main aim is to investigate in detail the use of colour terms and in particular to link this to the

associations between colours and their connotative symbolic meanings which form the basis for what have been called colour metaphors They also provide a rich database of these associations which will be of use to researchers who may be interested in the use of colour terms in other texts whether literary or non literary This book will be of interest primarily to academics and advanced students in the field of linguistic stylistics *Intertextuality in Flavian Epic Poetry* Neil Coffee,Chris

Forstall,Lavinia Galli Milic,Damien Nelis,2019-12-16 This collection of essays reaffirms the central importance of adopting an intertextual approach to the study of Flavian epic poetry and shows despite all that has been achieved just how much still remains to be done on the topic Most of the contributions are written by scholars who have already made major contributions to the field and taken together they offer a set of state of the art contributions on individual topics a general survey of trends in recent scholarship and a vision of at least some of the paths work is likely to follow in the years ahead In addition there is a particular focus on recent developments in digital search techniques and the influence they are likely to have on all future work in the study of the fundamentally intertextual nature of Latin poetry and on the writing of literary history more generally *Tang Shi San Bai Shou (Three Hundred Tang Poems) in the English-Speaking World* Hu Xiaoying,2025-03-18

This book examines six English translations of Tang Shi San Bai Shou Three Hundred Tang Poems the renowned anthology of Tang poetry and explores the challenges and strategies involved in conveying the essence of classical Chinese poetry to an English speaking audience As a classic anthology Tang Shi San Bai Shou captures the linguistic features unique expressions and traditional culture of ancient Chinese verse Since its publication in the Qing dynasty it has circulated widely in China and extended its influence to the English speaking world with a rich history of translation and dissemination This book unravels the complexities of translating classical Chinese poetry and highlights the different approaches taken by translators of different periods and backgrounds by comparing six complete translations The book discusses the linguistic cultural and artistic characteristics of Tang poetry and readers can see how these challenges and the gaps between ancient Chinese poetry and modern English audiences are bridged by the ongoing efforts of translators Scholars and students of classical Chinese literature and translation studies as well as Chinese English translators and Chinese poetry enthusiasts will find this book a useful reference Readers interested in Chinese culture will be led into the poetic world of ancient China

Directions in Empirical Literary Studies Sonia Zyngier,Marisa Bortolussi,Anna Chesnokova,Jan Auracher,2008-05-15 *Directions in Empirical Literary Studies* is on the cutting edge of empirical studies and is a much needed volume It both widens the scope of empirical studies and looks at them from an intercultural perspective by bringing together renowned scholars from the fields of philosophy sociology psychology linguistics and literature all focusing on how empirical studies have impacted these different areas Theoretical issues are discussed and solid methods are presented Some chapters also show the relation between empirical studies and new technology examining developments in computer science and corpus linguistics This book takes a global perspective with contributors from many different countries both senior and junior

researchers Broad in scope and interdisciplinary in nature it contributes with the state of the art developments in the field

Poetry as Research David Ian Hanauer,2010-04-14 Poetry as Research develops an approach that allows poetry writing to be used as a research method for exploring questions relating to second language learners and more broadly for studies within the humanities and social sciences The book investigates the characteristics of poetry writing and situates poetry writing as a qualitative arts based research process The book utilizes computational linguistics qualitative bibliographic and philosophical methods and investigates the process of writing poetry the textual and literary characteristics of second language poetry poetic identity and inquiry The developed methodology is exemplified through a poetic inquiry of the study abroad experiences of ESL students The book provides a comprehensive informed and innovative approach to the investigation of understandings of personal experience This book should be of interest to the fields of applied linguistics stylistics literary studies creative writing and composition as well as anyone interested in using writing as a research method

Mathematics, Poetry And Beauty Ron Aharoni,2014-12-23 What does mathematics have to do with poetry Seemingly nothing Mathematics deals with abstractions while poetry with emotions And yet the two share something essential Beauty Euclid alone has looked on beauty bare says the title of a poem by Edna St Vincent Millay A winner of the CHOICE Outstanding Academic Title 2015 Mathematics Poetry and Beauty tries to solve the secret of the similarity between the two domains It tries to explain how a mathematical argument and a poem can move us in the same way Mathematical and poetic techniques are compared with the aim of showing how they evoke the same sense of beauty The reader may find that as Bertrand Russell said Mathematics rightly viewed possesses not only truth but supreme beauty a beauty hold and austere like that of sculpture sublimely pure and capable of a stern perfection such as only the greatest art can show **A**

Concordance to the Poetry of Thomas Traherne George R. Guffey,2024-03-29 Concordance to the Poetry of Thomas Traherne offers an essential systematic tool for scholars of seventeenth century literature and poetry particularly those exploring Traherne s unique spiritual and philosophical verse Drawing from H M Margoliouth s definitive 1958 edition this concordance meticulously catalogs each word and line from Traherne s complete poetic works providing a valuable resource for textual analysis interpretation and comparative study By indexing Traherne s poetry according to individual manuscripts published books and marginalia it brings clarity to the complexities of his textual variations and orthographic idiosyncrasies The concordance includes only the authoritative texts from the Dobell Folio eschewing Philip Traherne s later revisions and focuses on Traherne s intended compositions Concordance entries facilitate cross referencing within Traherne s poetic canon capturing his language s nuances and revealing thematic connections such as his profound engagement with concepts of innocence divinity and the natural world Scholars will find the inclusion of rare words specialized spellings and titles annotated for source consistency a critical aid in interpreting Traherne s linguistic style and theological insights This title was originally published in 1974 Concordance to the Poetry of Thomas Traherne offers an essential systematic tool for

Shakespeare, 2002 Shakespeare's Sonnets are among the most complex and beautiful poems ever written. Their exploration of love, praise, homo and hetero sexual desire is enacted in the richest, densest writing in English. And the first printed work to which Shakespeare's name was attached was the erotic narrative poem *Venus and Adonis*, which developed a sumptuous vocabulary in which to explore love, praise of the beloved, sexual desire and the power of rhetoric. That poem was so popular that most of Shakespeare's contemporaries thought of him as primarily a poet rather than a playwright. Yet despite the power of Shakespeare's poems and their foundational place within his oeuvre, modern readers have seldom been encouraged to engage with his non-dramatic works as a whole. This new edition explains how this state of affairs has arisen and why it needs to be changed. The volume contains the complete Sonnets and poems with a full commentary. An extensive and lively introduction explores Shakespeare's poetic development and shows how the poems relate to each other and to his dramatic works. The Sonnets are freshly interpreted not as cryptic fragments of autobiography but as works which ask their readers to think about relationships between lyric poems and the historical circumstances which may have given rise to them. The narrative poems *Venus and Adonis* and *Lucrece* are placed where they belong at the origin of Shakespeare's thinking about what it means to desire and to be desired. The edition responds to the most recent scholarly work on the interpretation and dating of Shakespeare's poems and Sonnets. It also explores what the poems may have meant to their earliest readers. For this reason it also includes poems attributed to Shakespeare in the seventeenth century as well as those printed under his name in *The Passionate Pilgrim* in 1599.
