Worse still Western governments academic institutions and media outlets seem bent on peddling a false narrative about what Islam truly is In Muslim you will Learn the history of Islam from the bloody career of the prophet Mohammed to the authoritarian Islamic law Examine how Islamic theology refutes the core Christian beliefs of original sin Jesus resurrection and more Discover specific Islamic teaching inciting violence to non Muslims and even governments opposing Islamic law Find solutions and encouragement for Christians to withstand this growing global threat The conflict between Islam and the West is not going to die down or fade away The Islamic doctrines upon which it is based will continue to cause conflict on an ever increasing scale With Muslim Christians can equip themselves and others to stand unwavering in the truth of Christ

**Jung and Islam** Radmila Moacanin, Ph.D.,2019-03-08 Jung and Islam By Dr Radmila Moacanin Both Jungian psychology and the teaching of Islam reveal pathways to the completion of the human spirit The insights and systems of each are founded on inspiration not imitation the unique experiential inner journey toward fulfillment If you are to take the interpretation of self directed greater jihad it beautifully coincides with Jung s process of individuation While Islam is more regimented and specifically detailed than Jungian processes if one is to put jihad in its appropriate spiritual place it becomes an individual spiritual quest rather than an outer political struggle The completion of both bears no difference the goal is fulfillment

Allah and Elohim Sherly Isaac, 2002-10-21 It has been said that the opposite of faith is not doubt but certainty Drawing on this notion Stories of a Recovering Fundamentalist Understanding and Responding to Christian Absolutism recounts the author's journey as a member of the fundamentalist subculture as a child and his life among the Jesus Freaks Jesus Movement a congregation of deserters from the hippie drug culture of the late 1960s and early 1970s This movement though of great importance in the culture of the times now largely goes unrecognized although the Jesus Movement provided the cover stories for many prominent secular magazines chronicling the youth culture of the late 60s and early 70s While not devoted to a history of the Jesus Movement the book does a service in bringing a discussion of the Jesus Freak phenomenon to the attention of today's readers The book goes on to recount the author's eventual abandonment of fundamentalism As the story unfolds critical research related to the psychology sociology and history of the subculture provides a framework for
