Dreams for Dead Bodies Miriam Michelle Robinson, 2016-02-02 Dreams for Dead Bodies Blackness Labor and the Corpus of American Detective Fiction offers new arguments about the origins of detective fiction in the United States tracing the lineage of the genre back to unexpected texts and uncovering how authors such as Edgar Allan Poe Mark Twain Pauline Hopkins and Rudolph Fisher made use of the genre's puzzle elements to explore the shifting dynamics of race and labor in America The author constructs an interracial genealogy of detective fiction to create a nuanced picture of the ways that black and white authors appropriated and cultivated literary conventions that coalesced in a recognizable genre at the turn of the twentieth century These authors tinkered with detective fiction's puzzle elements to address a variety of historical contexts including the exigencies of chattel slavery the erosion of working class solidarities by racial and ethnic competition and accelerated mass production Dreams for Dead Bodies demonstrates that nineteenth and early twentieth century American literature was broadly engaged with detective fiction and that authors rehearsed and refined its formal elements in literary works typically relegated to the margins of the genre By looking at these margins the book argues we can better understand the origins and cultural functions of American detective fiction

Bringing Out the Dead Joe Connelly, 2010-09-22 Perhaps only someone who has worked for almost a decade as a medic in New York City's Hell's Kitchen as Joe Connelly has could write a novel as riveting and fiercely authentic as Bringing Out the Dead Like a front line reporter Connelly writes from deep within the experience and the result is a debut novel of extraordinary power and intensity In Frank Pierce a brash EMS medic working the streets of Hell's Kitchen Connelly gives us a man who is being destroyed by the act of saving people Addicted to the thrill the best drug in the world and the mission of the job Frank is nevertheless drowning in five years worth of grief and guilt his own and others my primary role was less about saving lives than about bearing witness His wife has left him he's drinking on the job and just a month ago he helped to kill an eighteen year old asthmatic girl Now she's become the waking nightmare of all his failures hallucination and projection the ghosts that once visited my dreams had followed me out to the street and were now talking back and as real to him as his own skin And in reaction to her death Frank has desperately resurrected a patient back into a life now little better than death In a narrative that moves with the furious energy of an ambulance run we follow Frank through two days and nights into the excitement and dread of the calls the mad humor that keeps the medics afloat the memories distant and recent through which Frank reminds himself why he became a medic and tries in vain to convince himself to give it up And we are with him as he faces his newest ghost the resurrected patient whose demands to be released into death might be the most sensible thing Frank has heard in months if only he would listen
