Arcana Cœlestia. The Heavenly Arcana Contained in the Holy Scriptures, Or Word of the Lord, Unfolded, Etc. [Translated by John Clowes. With the Text of Genesis and Exodus.] Emanuel Swedenborg, 1847 *Arcana cœlestia. The heavenly arcana contained in the holy Scripture, or Word of the Lord unfolded in an exposition of Genesis and Exodus. Together with a relation of wonderful things seen in the world of spirits and in the heaven of angels* Emanuel Swedenborg, 1891

The Heavenly Arcana which are Contained in the Holy Scriptures or Word of the Lord Unfolded, Beginning with the Book of Genesis Emanuel Swedenborg, 2025-08-04 Reprint of the original first published in 1840 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Heavenly Arcana** Emanuel Swedenborg, 1870 *Atonement and the Logic of Resurrection in the Epistle to the Hebrews* David M. Moffitt, 2011-07-27 Scholars often explain Hebrews relative silence regarding Jesus resurrection by emphasizing the author's appeal to Yom Kippur's two key moments the sacrificial slaughter and the high priest's presentation of blood in the holy of holies in his distinctive portrayal of Jesus death and heavenly exaltation The writer's depiction of Jesus as the high priest whose blood effected ultimate atonement appears to be modeled upon these two moments Such a typology discourages discrete reflection on Jesus resurrection Drawing on contemporary studies of Jewish sacrifice which note that blood represents life not death parallels in Jewish apocalyptic literature and fresh exegetical insights this volume demonstrates that Jesus embodied resurrected life is crucial for the high priestly Christology and sacrificial soteriology developed in Hebrews

THE HOLY BIBLE: Updated American Standard Version (UASV) Christian Publishing House, 2022-02-07 The Updated American Standard Version UASV is a literal translation Translating from the original languages of Hebrew Aramaic and Greek is a task unlike any other and should never be taken lightly It carries with it the heaviest responsibility the translator renders God s thoughts into a modern language What does that mean It means that our primary purpose is to give the Bible readers what God said by way of his human authors not what a translator thinks God meant in its place In other words our primary goal is to be accurate and faithful to the original text The meaning of a word is the responsibility of the interpreter i e reader not the translator The translator remains faithful to this literal translation philosophy unless it has been determined that the rendering will be misunderstood or misinterpreted The translator is not tasked with making the text easy to read but rather to make it as accurately faithful to the original as possible UASV PURPOSE Our primary purpose is to give the Bible readers what God said by way of his human authors not what a translator thinks God meant in its place Truth Matters UASV GOAL Our primary goal is to be accurate and faithful to the original text The meaning of a word is the responsibility of the interpreter i e reader not the translator Translating Truth OUR RESOURCES The Updated American Standard Version will be one of the most faithful and accurate translations to date by Christian Publishing House It will remain faithful to the original and what the authors penned We will not go beyond the translator s responsibility into the field of the interpreter Removing the Outdated Passages with the Old English thee s and thou s etc have been replaced with modern English Many words and phrases that were extremely ambiguous or easily misunderstood since the 1901 ASV have been updated according to the best lexicons Verses with difficult word order or vocabulary have been translated into correct English grammar and syntax for easier reading However if the word order of the original conveyed meaning it was kept More Accurate The last 110 years have seen the discovering of far more manuscripts especially the papyri with many manuscripts dating within 100 years of the originals While making more accurate translation choices we have stayed true to the literal translation philosophy of the ASV while other literal translations abandon the philosophy far too often The translator seeks to render the Scriptures accurately without losing what the Bible author penned by changing what the author wrote by distorting or embellishing through imposing what the translator believes the author meant into the original text Accuracy in Bible translation is being faithful to

what the original author wrote the words that he used as opposed to going beyond into the meaning trying to determine what the author meant by his words The latter is the reader s job The translator uses the most reliable accurate critical texts e g WH NA UBS BHS as well as the original language texts versions and other sources that will help him to determine the original reading Why the Need for Updated Translations New manuscript discoveries Changes in the language A better understanding of the original languages Improved insight into Bible translation **Holy Bible, NRSV** Hendrickson Publishers, Inc. Staff,2004-07 The only children s New Revised Standard Version on the market this inviting Bible is packed with thoughtfully designed features The clear modern translation appears in readable type on sturdy Bible paper with 24 realistic watercolor illustrations tipped in throughout Eight pages of helps maps and charts are arranged at the back
