

HIDDEN CURRICULUM

DEFINITION

The hidden curriculum refers to the unwritten, unofficial, and often unintended lessons, values, and perspectives that students learn in school. While not a part of the formal curriculum, it encompasses the various norms, attitudes, and behaviors that are implicitly conveyed through the school culture and environment.

EXAMPLES

1. Emphasis on punctuality and time management.
2. Respect for authority and hierarchy.
3. Social expectations related to gender roles.
4. Valuing competition and individual achievement.

The Hidden Curriculum Brenda Smith Myles, Melissa L. Trautman, Ronda L. Schelvan, 2024-03-05 Shred through Social Confusion The world around us is a complicated place filled with expectations rules assumptions guidelines regulations and policies This hidden curriculum exists across environments places people and cultures Although rules and mandates can be complex most of us take comfort in them often unconsciously because they help us to know what to do in everyday situations We like rules if they are consistent It is when they are unclear or are unstated that we can become upset indignant or confused Some people learn the hidden curriculum and its impact automatically Others learn the hidden curriculum only by direct instruction That is the purpose of this book In this third edition the essential features of the original book have been maintained and information on evidence based practices has been added In addition it provides a series of instructional strategies that can be used to teach the hidden curriculum Instructional aids include charts forms and templates designed to make the job of teaching and learning the hidden curriculum more effective Finally The Hidden Curriculum offers extensive lists of hidden curriculum items or unstated guidelines Due to the elusive nature of the hidden curriculum the lists while broad offer examples rather than a definite set of lessons to be learned Parents educators support persons and others are encouraged to consider the lists as springboards to make their own lists geared specifically toward the unique needs of the individuals with whom they work or live
