Emotional Settings in Early Modern Pedagogical Culture Judith Owens,2020-05-30 This book is notable for bringing together humanist schooling and familial instruction under the banner of emotions and for studying seminal works of early modern literature within this new analytical context It thus furnishes unique ways to think about two closely interrelated moral imperatives shaping boys into civil subjects and fashioning heroic agency and selfhood in literature In tracing the emotional dynamics of the humanist classroom this book shows just how thoroughly school could accommodate resistance to authority and foster unruly boys In gauging the emotional pressures at work in filial relationships it shows how profoundly sons could experience patriarchal authority as provisional negotiable or damaging In turning to Shakespeare s Hamlet Spenser s Prince Arthur and Sidney s Arcadian heroes Emotional Settings highlights the ways in which the respective emotional and moral imperatives of home and school could bring conflicting pressures to bear in the formation of heroic agency and at what cost Engaging and accessible this book will appeal to scholars interested in early modern literature pedagogy histories of emotion and histories of the family as well as to graduate students and advanced undergraduate students in these fields
