Carefully Arranged in Systematic Order So as to Constitute a Complete Body of Divinity ,1844 **The Poems of Paul**
Valéry Jan Schreiber, 2021-03-19 One of the most important French poets of the twentieth century Paul Val ry 1871 1945
influenced generations of poets who came after him Major poets in England and America including T S Eliot Wallace Stevens
and W H Auden agreed that he should be better known in the English speaking world However his complex and graceful
writing presents daunting obstacles for the translator who must capture the motions of a subtle intellect while recreating the
rhythms and rhymes that entranced the poet s French contemporaries This volume is the culmination of 50 years devoted to
bringing Val ry s poems into fluent English It shows the writer to be both the supreme poet of the mind and a consummate
linguistic musician Readers curious to encounter *The Graveyard by the Sea* will find it brilliantly rendered here along with
other masterpieces in both long and short forms This is a book for every lover of language and ideas **Occident and**
