Handbook of the American Novel of the Twentieth and Twenty-First Centuries Timo Müller, 2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James's *The Ambassadors* to McCarthy's *The Road* These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all

levels of qualification **The Cambridge Guide to Women's Writing in English** Lorna Sage, 1999-09-30 This Guide aims to consolidate and epitomise the re-reading of women's writing that has gone on in the last twenty-five years. This is an opportunity for stock-taking a timely project when so much writing has been rediscovered, reclaimed and republished. There are entries on writers, on individual texts and on general terms, genres and movements, all printed in a single alphabetical sequence. The earliest written documents in medieval English, the visionary writings of Julian of Norwich and Margery Kempe, are covered in an historical and geographical sweep that takes us up to the present day. The book reflects the spread of literacy, the history of colonisation and the development of post-colonial cultures using and changing the English language. The entries are written by contributors from all the countries covered. The result is a work of reference with a unique feeling for the vitality, wealth and diversity of women's writing.

The Book Against God James Wood, 2025-06-25 A Passionate, Profoundly Funny First Novel from the Best Literary Critic of His Generation. Adam Begley, Financial Times. Thomas Bunting, the charming, chaotic and deeply untruthful narrator of James Wood's wonderful first novel, is in despair. His marriage is disintegrating and his academic career is in ruins. Instead of completing his philosophy Ph.D. still unfinished after seven years, he is secretly writing what he hopes will be his masterwork, a vast atheistic project he has privately entitled *The Book Against God*. But when his father suddenly falls ill, Thomas returns to the tiny village in the north of England where he grew up and where his father still works as a parish priest. There, Thomas hopes he may finally be able to communicate honestly with his father, a brilliant and formidable Christian example, and sort out his own wayward life. But Thomas is a chronic liar as well as an atheist, and he finds instead that once at home he soon reverts to the evasive patterns of his childhood years with disastrous results. The story of a husband and wife, a father and son, faith and disbelief, and a hero who couldn't tell the truth if his life depended on it, *The Book Against God* is at once hilarious and poignant. It introduces an original comic voice, edgy, elegiac, lyrical and indignant, and in the irrepressible Thomas Bunting, one of the strangest philosophers in contemporary fiction.

An Unwritten Novel Virginia Woolf, 2017-02-16 Using Woolf's famous modernist method, the reader follows the narrative of an unknown female travelling on a train from London to the South Coast of England. Creating fictional lives and assumptions from the passengers aboard, the narrator focuses her thoughts towards a woman that sits across from her, inventing a new identity for the woman based on the look that the narrator can read in her eyes. Will she be correct through her assumptions or turn out to be the worst Sherlock Holmes imaginable? *An Unwritten Novel* creates a fascinating fictional world for a mundane journey that we often find ourselves in every day. Adeline Virginia Woolf (1882-1941) was an English writer. She is widely hailed as being among the most influential modernist authors of the 20th century and a pioneer of stream-of-consciousness narration. Woolf was a central figure in the feminist criticism movement of the 1970s; her works have inspired countless women to take up the cause. She suffered numerous nervous breakdowns during her life, primarily as a result of the deaths of family members, and it is now believed that she may have suffered from bipolar disorder. In 1941,
