Paper-Based Optical Chemosensors Liang Feng, 2024-11-13 Paper-based Optical Chemosensors comprehensively discusses the origin, development, and current state of the art in paper-based sensors. With a focus on the principles, classifications, methodology, design, and application of paper-based sensors, this book represents a developing research field with recent innovative applications, resulting in a comprehensive presentation of the different physico-chemical techniques using paper sensors. It discloses underlying rules and factors in paper-based sensors and discusses intricate sensing systems and working environments by ways of chemistry and physics for a variety of application scenarios such as environmental protection, food safety, public safety, and clinical diagnosis. This is a valuable resource for researchers who major in analytical chemistry or for those who are interested in the development of methods or devices for rapid analysis monitoring based on paper membrane-based sensors who wish to broaden their knowledge in the allied field. Presents a comprehensive discussion on the current state, challenges, and future perspectives of paper-based optical chemosensors. Offers discussions on the classification, methodology, design, and application of paper-based sensors. Provides opportunities for readers to design paper-based sensors with specific purpose and deeper awareness. *Persistent Toxic Substance Monitoring* Xing-Jiu Huang, Xing Chen, Meng Yang, 2018-04-12 Filling the urgent need for a professional book that specifies the applications of nanoelectrochemistry for the monitoring of persistent toxic substances, this monograph clearly describes the design concept, construction strategies, and practical applications of PTS sensing interfaces based on nanoelectrochemical methods. The comprehensive and systematic information not only provides readers with the fundamentals but also inspires them to develop PTS monitoring sensors based on functional nanostructures and nanomaterials. Of interest to chemists, electrochemistry researchers, materials researchers, environmental scientists, and companies dealing with electrochemical treatment and environment. Investing Travis E. Williams, 2024-05-01 An educational and inspirational book as part of the Travis E. Williams presents book series geared to reshape the minds of incarcerated individuals to promote self-rehabilitation, self-improvement, and entrepreneurship.
