Soapy A Biography Of G Mennen Williams:

Soapy Thomas J. Noer, 2009-08-03 The first complete biography of G Mennen Soapy Williams former governor of Michigan *The African Foreign Policy of Secretary of State Henry Kissinger* Hanes Walton, Jr., Robert Louis Stevenson, James Bernard Rosser, Sr., 2010-01-01 The African Foreign Policy of Secretary of State Henry Kissinger outlines in clear comprehensive terms the details of Secretary of State Henry Kissinger's foreign policy toward Africa and how that policy related to other aspects of his global viewpoint For the first time editors Hanes Walton Jr Robert Louis Stevenson and James Bernard Rosser bring together a diverse collection of public documents speeches and congressional presentations for critical analysis and in depth discussion This book presents an intellectual evaluation of governmental sources to determine the kinds of foreign policy proposals and programs that Kissinger developed for the various crises and problems which were under way in Africa The essays demonstrate how Kissinger used his brand of shuttle diplomacy to set up delicate negotiations to ease the new international tensions and the power rivalry The African Foreign Policy of Secretary of State Henry Kissinger offers important insight that will stimulate debate and be a lively read for those interested in international politics and political science *Who Killed Hammarskjold?* Susan Williams, 2014-08-15 One of the outstanding mysteries of the twentieth century and one with huge political resonance is the death of Dag Hammarskjold and his UN team in a plane crash in central Africa in 1961 Just minutes after midnight his aircraft plunged into thick forest in the British colony of Northern Rhodesia Zambia abruptly ending his mission to bring peace to the Congo Across the world many suspected sabotage accusing the multi nationals and the governments of Britain Belgium the USA and South Africa of involvement in the disaster These suspicions have never gone away British High Commissioner Lord Alport was waiting at the airport when the aircraft crashed nearby He bizarrely insisted to the airport management that Hammarskjold had flown elsewhere even though his aircraft was reported overhead This postponed a search for so long that the wreckage of the plane was not found for fifteen hours White mercenaries were at the airport that night too including the South African pilot Jerry Puren whose bombing of Congolese villages led in his own words to flaming huts destruction and death These soldiers of fortune were backed by Sir Roy Welensky Prime Minister of the Rhodesian Federation who was ready to stop at nothing to maintain white rule and thought the United Nations was synonymous with the Nazis The Rhodesian government conducted an official inquiry which blamed pilot error But as this book will show it was a massive cover up that suppressed and dismissed a mass of crucial evidence especially that of African eye witnesses A subsequent UN inquiry was unable to rule out foul play but had no access to the evidence to show how and why Now for the first time this story can be told *Who Killed Hammarskjold* follows the author on her intriguing and often frightening journey of research to Zambia South Africa the USA Sweden Norway Britain France and Belgium where she unearthed a mass of new and hitherto secret documentary and photographic evidence At the heart of this book is Hammarskjold himself a courageous and complex idealist who sought to shield the newly

independent nations of the world from the predatory instincts of the Great Powers It reveals that the conflict in the Congo was driven not so much by internal divisions as by the Cold War and by the West's determination to keep real power from the hands of the post colonial governments of Africa It shows too that the British settlers of Rhodesia would maintain white minority rule at all costs **Kenneth Kaunda, the United States and Southern Africa** Andy DeRoche, 2016-05-19

Kenneth Kaunda the United States and Southern Africa carefully examines US policy towards the southern African region between 1974 when Portugal granted independence to its colonies of Angola and Mozambique and 1984 the last full year of the Reagan administration's Constructive Engagement approach It focuses on the role of Zambian president Kenneth Kaunda the key facilitator of international diplomacy towards the dangerous neighborhood surrounding his nation The main themes include the influence of race national security economics and African agency on international relations during the height of the Cold War Andy DeRoche focuses on key issues such as the civil war in Angola the fight against apartheid the struggle for Namibia's independence the transition from Rhodesia to Zimbabwe and bilateral US Zambian relations The approach is traditional diplomatic history based on archival research in Zambia and the USA as well as interviews with key players such as Kaunda Mark Chona Siteke Mwale Vernon Mwaanga Chester Crocker and Frank Wisner The result offers an important new insight into the nuances of US policy toward southern Africa during the hottest days of the Cold War *Globalizing the*

U.S. Presidency Cyrus Schayegh, 2020-01-09 Using John F Kennedy as a central figure and reference point this volume explores how postcolonial citizens viewed the US president when peak decolonization met the Cold War Exploring how their appropriations blended with their own domestic and regional realities the chapters span sources cases and languages from Latin America Africa Asia and Europe to explore the history of US and third world relations in a way that pushes beyond US centric themes Examining a range of actors *Globalizing the U S Presidency* studies various political sociocultural and economic domestic and regional contexts during the Cold War era and explores themes such as appropriation antagonism and contestation within decolonisation Attempting to both de americanize and globalize John F Kennedy and the US Presidency the chapters examine how the perceptions of the president were fed by everyday experiences of national and international postcolonial lives The many examples of worldwide interest in the US president at this time illustrate that this time was a historical turning point for the role of the US on the global stage The hopes and fears of peaking decolonization the resulting pressure on Washington Moscow and other powers and a new mediascape together ushered in a more comprehensive globalization of international politics and a new meaning to the United States in the world **House of**

Diggs Marion Orr, 2025-08-20 At the height of the civil rights movement Charles C Diggs Jr 1922 1998 was the consummate power broker In a political career spanning 1951 to 1980 Diggs Michigan's first Black member of Congress was the only federal official to attend the trial of Emmett Till's killers worked behind the scenes with Martin Luther King Jr and founded the Congressional Black Caucus He was also the chief architect of legislation that restored home rule to Washington DC and

almost single handedly ignited the American anti apartheid movement in the 1960s Drawing on extensive archival research including Diggs s rarely seen personal papers FBI documents and original interviews with family members and political associates political scientist Marion Orr reveals that Diggs practiced a politics of strategic moderation Orr argues that this quiet approach was more effective than the militant race politics practiced by Adam Clayton Powell and more appealing than the conservative Chicago style approach of William Dawson two of Diggs s better known Black contemporaries Vividly written and deeply researched House of Diggs is the first biography of Congressman Charles C Diggs Jr one of the most consequential Black federal legislators in US history Congressman Diggs was a legislative lion whose unfortunate downfall punctuated his distinguished career and pushed him and his historic accomplishments out of sight Now for the first time House of Diggs restores him to his much deserved place in the history of American politics

Visiting Mackinac Frank Boles,2025-12-01 The Straits of Mackinac have been a tourist destination for more than 150 years The story of how tourism developed on Mackinac Island and in the adjacent communities of St Ignace and Mackinaw City is brought to life in this fascinating book with stories from the people who helped shape it This complex work explores the factors that shaped this region into the tourist destination that it is today It includes historical context of how conflicting ideas developed a seasonal tourist industry and examines how tourism at the Straits of Mackinac developed within regional and national contexts as the tourist industry boomed in the late nineteenth and twentieth centuries This volume also shows how the people at the Straits responded to various national trends such as when the automobile transformed the tourist experience and when independently published travel literature painted a less than rosy picture of the region

Campaign of the Century Irwin F. Gellman,2022-01-04 Based on massive new research a compelling and surprising account of the twentieth century s closest election The 1960 presidential election between John F Kennedy and Richard Nixon is one of the most frequently described political events of the twentieth century yet the accounts to date have been remarkably unbalanced Far more attention is given to Kennedy s side than to Nixon s The imbalance began with the first book on that election Theodore White s The Making of the President 1960 in which as he later admitted White deliberately cast Kennedy as the hero and Nixon as the villain and it has been perpetuated in almost every book since then Few historians have attempted an unbiased account of the election and none have done the archival research that Irwin F Gellman has done Based on previously unused sources such as the FBI s surveillance of JFK and the papers of Leon Jaworski vice presidential candidate Henry Cabot Lodge and many others this book presents the first even handed history of both the primary campaigns and the general election The result is a fresh engaging chronicle that shatters long held myths and reveals the strengths and weaknesses of both candidates

Cold War in Southern Africa Sue Onslow,2009-09-10 This edited volume examines the complexities of the Cold War in Southern Africa and uses a range of archives to develop a more detailed understanding of the impact of the Cold War environment upon the processes of political change In the aftermath of European decolonization the struggle between

white minority governments and black liberation movements encouraged both sides to appeal for external support from the two superpower blocs Cold War in Southern Africa highlights the importance of the global ideological environment on the perceptions and consequent behaviour of the white minority regimes the Black Nationalist movements and the newly independent African nationalist governments Together they underline the variety of archival sources on the history of Southern Africa in the Cold War and its growing importance in Cold War Studies This volume brings together a series of essays by leading scholars based on a wide range of sources in the United States Russia Cuba Britain Zambia and South Africa By focussing on a range of independent actors these essays highlight the complexity of the conflict in Southern Africa a battle of power blocs of systems and ideas which intersected with notions and practices of race and class This book will appeal to students of cold war studies US foreign policy African politics and International History Sue Onslow has taught at the London School of Economics since 1994 She is currently a Cold War Studies Fellow in the Cold War Studies Centre IDEAS **Kennedy, Johnson, and the Nonaligned World** Robert B. Rakove, 2013 This book examines John F Kennedy s policy of engaging states that had chosen to remain nonaligned in the Cold War
